

# The Forest High School relocation

Works notification | 9 March 2023

A project is underway to relocate The Forest High School to a portion of 187 Allambie Road, Allambie Heights.

## Site establishment for DA approved work

An early works contract was recently awarded to Antouns Construction Pty Ltd. The contractor will be undertaking work approved by Council under a previous development application (DA2011/1633) to demolish McLeod House and prepare the site for construction. Main construction work is scheduled to start in late 2023.

Temporary fencing is currently being installed around the works area and timber hoarding put in place along Allambie Road to secure and screen the area for upcoming early works.

Site establishment work will commence on 20 March 2023. This work will include the clearing of vegetation and removal of trees as approved by Council. Site amenities will be installed inside the work zone for contractor use during early works.

## Demolition

The demolition of derelict buildings on the site (McLeod House and ancillary buildings) under the previous development application will start on or after 20 March 2023.

Demolition work will involve the removal of identified hazardous materials, including asbestos. Asbestos containing materials will be removed in accordance with the Department of Education's Asbestos Management Plan and SafeWork NSW regulations. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

Demolition is anticipated to be finished by mid-2023, weather depending.

## Working hours

Demolition and site establishment work will take place during the approved construction hours of 8 am to 5 pm Monday to Friday. No work will occur on Saturdays, Sundays or public holidays.

We are here to make sure that work is completed safely and efficiently, and we will minimise impacts on the community at every opportunity.

Thank you for your patience while we deliver this important school infrastructure.
