# Armidale Secondary College

## Project update

June 2021

### Investing in our schools

The NSW Government is investing \$7 billion over the next four years, continuing its program to deliver more than 200 new and upgraded schools to support communities across NSW. This is the largest investment in public education infrastructure in the history of NSW.

The NSW Department of Education is committed to delivering new and upgraded schools for communities across NSW. The delivery of these important projects is essential to the future learning needs of our students and supports growth in the local economy.

### Armidale Secondary College

The new Armidale Secondary College is now open.

A standalone multi-purpose hall for Armidale Secondary College will be delivered as part of the redevelopment. The new facility will replace the hall and performing arts space removed through the demolition of the original school, and will also house a new movement and fitness area.

### Progress summary

The modified State Significant Development (SSD) application to include a new multipurpose hall has been approved and a tender for construction is underway.

The multipurpose hall will include:

- performance space, including a stage and green room
- two indoor basketball courts
- a fitness studio and a movement studio
- staff facilities
- two general learning spaces.

### Next steps

- The contract for construction is expected to be awarded in mid 2021.
- Construction of the multi-purpose hall is expected to begin in Term 3.
