Ashtonfield Public School

Project update

June 2021

Investing in our schools

The NSW Government is investing \$7 billion over the next four years, continuing its program to deliver more than 200 new and upgraded schools to support communities across NSW. This is the largest investment in public education infrastructure in the history of NSW.

The NSW Department of Education is committed to delivering new and upgraded schools for communities across NSW. The delivery of these important projects is essential to the future learning needs of our students and supports growth in the local economy.

Project overview

A project to upgrade Ashtonfield Public school is underway. This project will deliver:

- 12 new innovative and flexible learning spaces
- upgraded hall
- upgraded library
- upgraded canteen
- upgrade to the covered outdoor learning area (COLA)
- upgraded staff and administration facilities
- additional staff car parking
- landscaping and walkways.

Progress summary

Construction of the home base building (Block G) is progressing well with the external brickwork and facade underway. The services to the building have also been installed.

Construction of the library is now finished and it is open and operational for use by students and staff.

Next steps

- Continue the internal works including installation of walls, joinery, painting and carpet in the new building (Block G).
- Remove demountable classrooms.
- Landscaping.
- Completion.
