

Hornsby High School (currently Asquith Boys High School)

As part of the NSW Government’s plan to rebuild public education, the NSW Budget is delivering record education funding, including \$9 billion for new and upgraded schools. This targeted investment will ensure growing communities get access to a world class public education.

The upgrade of Asquith Boys High School will ensure it is fit-for-purpose to support co-education from 2026.

The upgrade will include:

- | | | |
|--|---|---|
|  an expanded commercial kitchen |  a new shade structure over the sports court |  an upgraded art and textiles classroom |
|  a new girls clinic and refurbished boys clinic |  a new dance studio |  new toilet and change room facilities |
|  new outdoor pavilions, shade structures and seating |  new signage |  upgraded IT and administration systems |

Site plan

The design of the upgrade has considered the existing school facilities, spatial requirements, site constraints, and the Educational Facilities Standards and Guidelines (EFSG). This process has involved consultation with experts and key stakeholders, including the Project Reference Group (PRG), to ensure that all operational needs are met.

The site plan on the right includes details of the areas that will be upgraded.
