Investing in our schools

As part of the NSW Government's plan to rebuild public education, the 2024-25 Budget is delivering record education funding, including \$3.6 billion for new and upgraded schools in Western Sydney. This targeted investment will ensure growing communities get access to a world class public education.

Project overview

The upgrade for Austral Public School is in progress and will be delivered in 2 stages. The first stage of the upgrade will include 20 new permanent classrooms, 3 support learning classrooms, an upgrade and refurbishment of administration facilities and the library, a new staff car park and additional school capacity for the growing community.

Community information session: 19 February 2025

You are invited to attend a community information session to find out more about the Austral Public School upgrade, view the designs for Stage 1 and speak to the project team.

Time: 2 pm to 4 pm

Location: 219 Edmondson Ave, Austral NSW 2179

You can drop in at any time during the session. If you are unable to attend, we will also share the designs with the community following the information session.

Austral Public School demountable delivery works

Works are required to deliver and install 2 temporary demountable classroom buildings at Austral Public School. The additional demountable buildings are required to cater for the increased enrolments in 2025.

Email: schoolinfrastructure@det.nsw.edu.au
Phone: 1300 482 651
schoolinfrastructure.nsw.gov.au

Delivery and installation will be between 7 am and 6 pm on Saturday 22 February 2025. Works are anticipated to be completed that day, however additional days may be required, pending weather and other factors.

The delivery vehicles will access the site from Tenth Avenue, with minimal expected traffic disruption.

It is anticipated that the new classroom buildings will be ready for the school in early March 2025.

What to expect

- There will be road and footpath closures on Tenth Avenue while works are underway.
- Traffic control will be in place to guide traffic and pedestrian movement on Tenth Avenue.
- A power outage will take place at the school while the temporary demountables are installed. Neighbouring residents and businesses will not be impacted by the power outage.

More information

We are committed to working together with our school communities and stakeholders to deliver the best learning facilities for students. We will continue to distribute regular project updates to keep the community up to date with our progress.
