

Artist Impression of the Bangalow Public School upgrade

# Bangalow Public School

Project update | September 2021

## Investing in our schools

The NSW Government is investing \$7.9 billion over the next four years, continuing its program to deliver 215 new and upgraded schools to support communities across NSW. This is the largest investment in public education infrastructure in the history of NSW.

The NSW Department of Education is committed to delivering new and upgraded schools for communities across NSW. The delivery of these important projects is essential to the future learning needs of our students and supports growth in the local economy.

## Project overview

A project is underway to upgrade Bangalow Public School. The upgrade will include eight new permanent learning spaces, refurbishment of some existing learning spaces, internal refurbishment of the heritage building to provide administration space, conversion of existing learning spaces to create a new, larger library and landscaping.

## Progress summary

The Development Application (DA) for construction of the new classroom building and refurbishment of the heritage building, has been lodged with Byron Shire Council.

The DA is available to view via the DA tracker on the council website, reference 2021/450  
<https://datracker.byron.nsw.gov.au/>

All submissions can be made directly to council during the public exhibition period.

Under a separate planning pathway, a Review of Environmental Factors (REF) is also being done for the refurbishment of Blocks F and H.
