

Banksia Road Public School

Main construction works complete

The main construction works for the upgrade of Banksia Road Public School have now been completed. We have delivered:

A new two-storey building with four new learning spaces, administration and staff facilities

School access improvements and refurbishment of the existing admin building into two new flexible learning spaces by late 2020

Thank you for your patience during construction, we are thrilled to deliver this project for your school community and hope you enjoy your new spaces.

Example of a flexible learning space

Staff room at Banksia Road Public School

Main construction works complete

Main construction works for the Banksia Road Public School upgrade have now been completed. We have delivered a new two-storey building with four new learning spaces, administration and staff facilities and a new covered outdoor learning area (COLA).

Over the coming months, we will finish refurbishing the existing administration building into two new flexible learning spaces and improve school access.

We expect all contractors to have vacated the school site by late 2020.

The facilities in the new two-storey building are now ready for students and staff to use.

Thank you

We would like to thank you for your patience as we have delivered this upgrade to the school.

Your support and co-operation has made it possible for us to deliver these new facilities for the students and staff of Banksia Road Public School.
