

Bella Vista Public School

Extended Working Hours Notification

Dear Resident,

We are writing to inform you that the Department of Planning and Environment has approved extended working hours for low noise activities at the new primary school on Fairway Drive in Kellyville.

These extended working hours will be until 10pm Monday to Friday. Saturday working hours have also changed from 8am – 1pm to 8am – 3.30pm. These extended working hours are forecasted to be completed by the end of January 2019. The work will involve internal finishings and low noise activity only, and will ensure the school is operational on Day 1, Term 1 2019.

Please note that we will make every effort to minimise the disruption to the local community during this period. There will be no materials delivered during these extended hours.

As a reminder, the project will deliver 40 flexible learning spaces, a new hall, and covered outdoor learning space, accommodating up to 1,000 students. In addition three multi-categorical support classes will be provided for students with special needs.

The school will also include shared sporting facilities including a synthetic sports field and indoor double sports court which will be available for community use outside school hours, managed by with The Hills Shire Council.

The construction of Bella Vista Public School is progressing in stages. This means that the school will be open for Day 1, Term 1 2019 while works continue.

We thank you for your continued patience during this construction phase. If you have any questions or concerns about this work please contact us at schoolinfrastructure@det.nsw.edu.au or call 1300 482 651.

Yours faithfully,
Community Engagement team
