

Birrong Girls High School and Birrong Boys High School

Works notification | 25 January 2024

A project is underway to upgrade Birrong Girls High School and Birrong Boys High School. The project will deliver facilities to support the learning needs of the local community.

Changes to traffic conditions

As part of the next stage of construction, some changes to traffic conditions will be required. These changes aim to ensure the safety of the community and construction workers surrounding the schools as trucks and work vehicles access the site. Please see the plans overleaf for more information of what these are.

Birrong Girls High School

- The establishment of a temporary works zone with appropriate signage on Cooper Road, adjacent to the existing construction site.
- The existing kiss and drop area on Cooper Road will be extended.
- No stopping signage will be placed at either side of access points to the construction site.
- A traffic controller will be managing traffic in and out of the construction site when required.
- Installation of advance warning signs such as 'works zone ahead' to inform users of the changed traffic conditions.

Birrong Boys High School

- The establishment of a temporary works zone with appropriate signage on Cooper Road, adjacent to the existing construction site.
- No stopping signage will be placed at either side of access points to the construction site.
- A traffic controller will be managing traffic in and out of the construction site when required.
- Installation of advance warning signs such as 'works zone ahead' to inform users of the changed traffic condition.

Construction vehicle movements to and from the site will be restricted during the school peak period times on weekdays between 8 am and 9.30 am and between 2:30 pm and 4 pm. Pedestrian access to and around the sites will be maintained at all times.

Birrong Boys High School maintenance work update

As part of the department's maintenance program, installation of a new main switchboard and substation will take place on Thursday 25 January. No disruptions are expected to residents as part of these works, however, in the instance unplanned disruptions take place, please contact Ausgrid on 13 13 88.

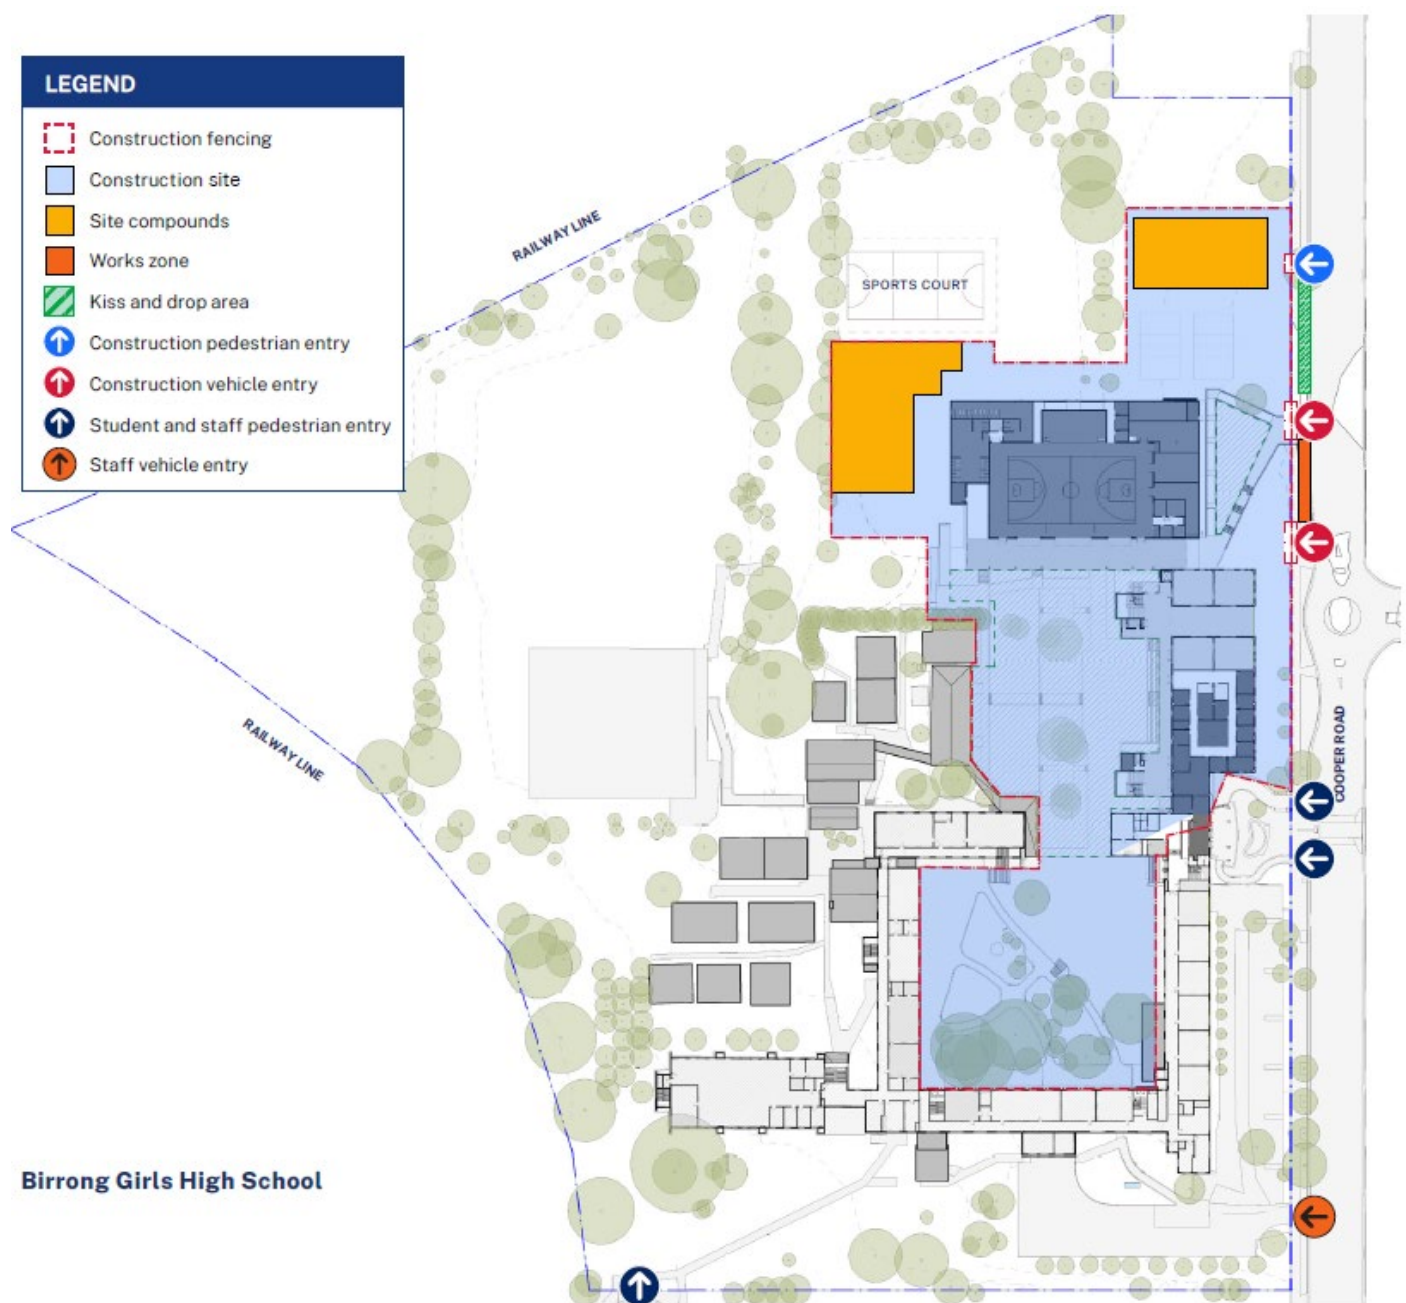

Crane installation at Birrong Girls High School

A tower crane will be installed at the construction site of the Birrong Girls High School upgrade on Friday 16 and Saturday 17 February 2024. During the installation, trucks will deliver the components of the tower crane to the designated works zone whilst a mobile crane lifts these components into place inside the construction site.

Traffic control personnel will be engaged to guide pedestrians and traffic delivery of the crane components to site. All work will be complete outside school hours, these are:

Friday 16 February between 7am and 8 am and Saturday 17 February between 7am and 5 pm, subject to council approval.

Site pedestrian and traffic management

Birrong Boys High School

Keep in touch

You can sign up to the project's mailing list by using the 'contact us' form on the page. You can find the page by going to the [SINSW website](#) and using the search function. We thank the community for your patience whilst we deliver this important upgrade to Birrong Boys and Girls High schools.
