# Bletchington Public School

## Project update

May 2021

### Investing in our schools

The NSW Government is investing \$7 billion over the next four years, continuing its program to deliver more than 200 new and upgraded schools to support communities across NSW. This is the largest investment in public education infrastructure in the history of NSW.

The NSW Department of Education is committed to delivering new and upgraded schools for communities across NSW. The delivery of these important projects is essential to the future learning needs of our students and supports growth in the local economy.

### Project overview

A project is underway to upgrade Bletchington Public School to bring students the latest educational facilities and support the local community.

The project has been approved to proceed to the delivery phase and subject to development consent will deliver a new two-storey learning hub including 10 new flexible learning spaces (classrooms), a hall upgrade, a new ICT special programs unit, refurbishment of existing learning spaces including support classes and withdrawal areas, replacement of the Covered Outdoor Learning Area (COLA) and upgraded connecting walkways.

### Progress summary

Site investigations and works to prepare for construction, including the relocation of existing demountables were completed in the 2020-21 summer holiday period.

An Early Contractor Involvement (ECI) contract has been awarded to Lipman PTY Ltd.

### Next steps

- Finalising the detailed design
- Seeking development consent through a Complying Development Certificate (CDC)
- Preparing site management plans
- Finalising the construction methodology to minimise impacts to the school and the local community.

### How can I get involved?

We are committed to working together with our school communities and other stakeholders to deliver the best possible learning facilities for students.

Your feedback on this project is important to us. For more information, questions or to make a comment please email us at [schoolinfrastructure@det.nsw.edu.au](mailto:schoolinfrastructure@det.nsw.edu.au).
