

Bomaderry High School upgrade

Project update – June 2025

Artist impression of the new Building P at Bomaderry High School upgrade

Project overview

A project is underway to upgrade Bomaderry High School. The upgrade will include fit-for-purpose classrooms and core facilities.

The project will deliver:

all new and upgraded TAS classrooms will be to VET standard

refurbished classrooms

refurbished staff rooms

a new building with administration facilities and Technological and Applied Studies (TAS) workshops and classrooms

an upgrade of the existing kitchen to a Vocational Education and Training (VET) kitchen standard

upgraded toilets

accessibility improvements

pedestrian safety improvements

Progress update

We are pleased to announce, the refurbishment works to Building D and E are now finished and are in use by students and staff. This includes the two new lifts to improve accessibility throughout the school.

Works for Building P are underway. The brick laying, roof and window installation and the external cladding is now finished. The internal wall lining and service runs are also finished. Earthworks to the access loop road to the west of the building are also well progressed.

Next Steps

- Building P – install external roof soffits and ramps, plus internal works including painting, kitchen and office joinery and services completion.
- Continue with the loop road works and landscaping.
- External works for the Cambewarra Road bus stop and Lyndhurst Drive raised pedestrian path upgrades are anticipated to start in July 2025.
