

Latest design of the new Bungendore High School

Bungendore High School

Project update | December 2022

Investing in our schools

The NSW Government is investing \$8.6 billion in school infrastructure over the next four years, continuing its program to deliver 160 new and upgraded schools to support communities across NSW. This builds on the more than \$9.1 billion invested in projects delivered since 2017, a program of \$17.7 billion in public education infrastructure.

The NSW Department of Education is committed to delivering new and upgraded schools for communities across NSW. The delivery of these important projects is essential to the future learning needs of our students and supports growth in the local economy.

Progress update

Planning is underway to deliver the new Bungendore High School and upgrades at Bungendore Public School.

The Submissions Report package

The Submissions Report package has been lodged with the Department of Planning and Environment (DPE) and can be viewed on the NSW Government Planning Portal at <https://pp.planningportal.nsw.gov.au/major-projects/projects/new-high-school-bungendore>. Progress updates will be provided as they are available.

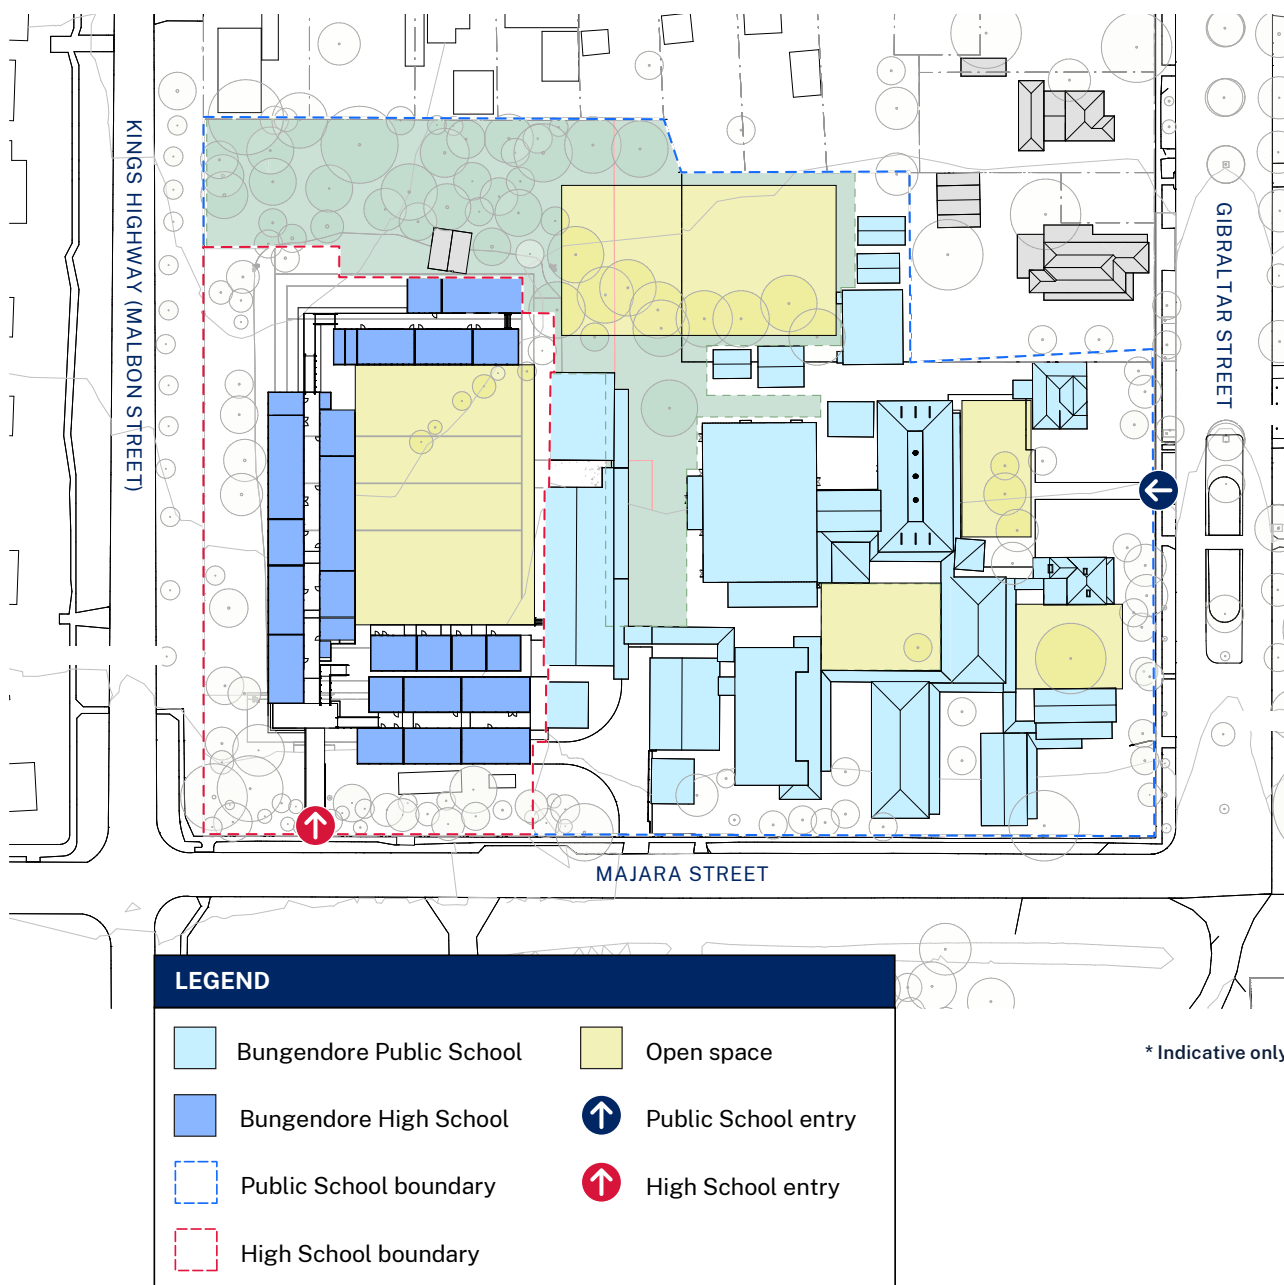

Years 7 and 8 start on 31 January 2023

Bungendore High School will open for Years 7 and 8 for the start of the 2023 school year on Tuesday 31 January 2023.

The entry to the high school will be on Majara Street, while the entry to the Bungendore Public School will continue to be from Gibraltar Street (see map below).

Further information is available on the school's webpage at <https://bungendore-h.schools.nsw.gov.au/> or on the school's Facebook page at <https://www.facebook.com/BungendoreHS>.

Inquiries can be made to the school by email at: bungendore-h.school@det.nsw.edu.au or by phone at 0499 840 274.

Resources available for Bungendore High School

Inaugural Bungendore High School Principal, Melissa Giddins, and her team continue their work for the new high school to be open for Day 1 Term 1 2023. A number of events and activities are already planned for 2023 including the Bungendore High School Swimming Carnival on 6 February, the school photo day on 1 March, the cross country on 5 April, and the athletics carnival on 24 May.

Further information is available on the school's webpage at <https://bungendore-h.schools.nsw.gov.au/> or on the school's Facebook page at <https://www.facebook.com/BungendoreHS>

Inquiries can be made to the school, during the school term, by email at bungendore-h.school@det.nsw.edu.au or by phone at 0499 840 274. Please note, the email and phone are not attended during school holidays

Short term power arrangement for temporary school site

The electrical substation powering Bungendore Public School will soon be upgraded to cater for the temporary school site and future improvements of the public school. This upgrade work will take place in early 2023, subject to design work and associated approvals.

To ensure power supply meets the requirements at the temporary site of the high school, a temporary generator is being installed on the public school grounds as a supplementary measure. The generator is anticipated to be installed week commencing 9 January 2023.

Use of the generator will be limited to 7am to 6pm weekdays. This is a temporary measure and the generator won't be needed for all of the temporary site's power supply, and will be removed when the upgrade to the substation is completed.

School Infrastructure NSW has engaged an acoustic consultant to design the acoustic enclosure that will be built so that the generator complies with the NSW Environment Protection Authority criteria.

The generator is exempt from requiring planning approvals, however, a Review of Environmental Factors will be undertaken as due diligence.

School holiday work times

Construction of the temporary site for the high school will continue over the Christmas and New Year period, with the exception of public holidays.

If you have any queries about this project you can contact School Infrastructure NSW during business hours on 1300 482 651. School Infrastructure NSW will be closed from 5pm Friday 23 December 2022 to 9am Monday 9 January 2023, inclusive, in line with the NSW Government shut down period. During this time, if there is an urgent issue, please contact the site manager listed on the construction site entry. In an emergency, please call triple zero (000).
