

Artist impression of new high school in Bungendore. Indicative only.

Bungendore High School

Project Update | September 2022

Investing in our schools

The NSW Government is investing \$8.6 billion in school infrastructure over the next four years, continuing its program to deliver 160 new and upgraded schools to support communities across NSW. This builds on the more than \$9.1 billion invested in projects delivered since 2017, a program of \$17.7 billion in public education infrastructure.

The NSW Department of Education is committed to delivering new and upgraded schools for communities across NSW. The delivery of these important projects is essential to the future learning needs of our students and supports growth in the local economy.

Lodgement of the Response to Submissions

The Department of Education has lodged its Response to Submissions report as part of the State Significant Development (SSD) application for the new high school. This includes an Amendment Report, which outlines key changes to the design that have been made to address important feedback from community and stakeholders.

The Response to Submission report will be on public exhibition shortly on the NSW Planning Portal: <https://www.planningportal.nsw.gov.au/major-projects/projects/new-high-school-bungendore>.

Join us at an upcoming information session

Details of the new design will be shared, and members of the project team and school leadership will be available to discuss the new design at two information sessions at **Bungendore Public School library**:

- Tuesday 20 September: 5.30pm to 7.00pm
- Wednesday 21 September: 4.00pm to 5.30pm

This is a drop-in style information session so you can visit at any point during the above times when convenient to you and speak to individuals from the project team. Registration is not required.

We look forward to seeing you there. If you are not able to make the sessions, the information will be available on the project webpage.
