Canley Vale High School

Summer holidays construction works

December 2018

Investing in our schools

The NSW Government is investing \$6 billion over the next four years to deliver more than 170 new and upgraded schools to support communities across NSW. In addition, a record \$847 million is being spent on school maintenance over four years. This is the largest investment in public education infrastructure in the history of NSW.

Canley Vale High School

A project is underway to upgrade Canley Vale High School.

The project will deliver 16 new permanent learning spaces, a refurbishment of administration facilities, and an upgrade to the school entrance.

Progress summary

Site establishment has been completed and construction works have started.

Summer school holiday works

Over the summer holidays, works on the school facade will be completed. The fit out of the new canteen and main administration building will also progress.

Construction work will take place Monday to Friday, 7am to 5pm, and Saturday 8 am to 1 pm. No work will take place on Sundays or public holidays.

Traffic control and security measures will be in place where required for the safety of the community.

We are here to make sure that work is completed safely and efficiently, and we will minimise impacts on the community at every opportunity.

See more information overleaf.

Frequently asked questions

Will construction take place over Christmas and New Year?

Construction works will continue through the Christmas and New Year period (public holidays excluded).

What safety measures will be in place?

The health and safety of the community is our highest priority.

Temporary fencing has been erected around the construction site to secure the area and prevent public access.

What steps will be taken to control noise and dust impacts?

Noise and dust control measures will be implemented in accordance with Council requirements.

Hoarding and shade cloth have been erected to reduce noise and dust impacts on the school and local residents.

Dust from construction works will be hosed down as required.

How will traffic be managed?

Traffic management will be in place where required for the safety of students, staff, the local community and workers.

Traffic controllers will be used where required to manage entry and exit of vehicles to and from the construction site.

Vehicles will give way to pedestrians at all times.

Who can I contact if I have a concern about construction works over the holidays?

If you have any queries or concerns about this project you can contact School Infrastructure NSW during business hours on the details below.

In an emergency, call triple zero (000).

How will you keep us informed during construction?

School infrastructure NSW will continue to share construction updates and project information as the project progresses. We will provide information through information booths, project updates, our website and school newsletters.
