

Canterbury Boys High School

Works notification | 5 April 2023

A project is underway to provide a new multi-purpose hall at Canterbury Boys High School. The new hall will include a stage, indoor sports court, toilets, first-aid room and back of house facilities.

April school holidays

During the April school holidays, hydrant water supply connection and upgrade works will take place along Hardy Street near Mount Street at Canterbury Boys High School, between Tuesday 11 April and Monday 24 April 2023.

As part of these works, sections of the staff carpark and the amphitheatre steps on school grounds; and a small section of the Hardy Street footpath will be out of bounds.

An accredited service provider from Sydney Water will conduct the cutting of the water main. Please be assured no properties will lose their water supply.

Remediation works

Remediation works at the site of the new hall at Canterbury Boys High School have been completed. Testing is currently being undertaken to ensure the area has been fully remediated and cleared for additional works.

Working hours

Work will take place during the approved construction hours, 7am to 6pm Monday to Friday, and 8am to 1pm Saturdays. No work will occur on Sundays or public holidays, unless otherwise advised.

We are here to make sure that the works are completed safely and efficiently, with minimal impact on the community.

We will continue to update the community as the project progresses.

The health, safety, and wellbeing of the school and the local community is our highest priority, and we will continue to keep the community updated. Thank you for your cooperation during this important work.
