

Canterbury Boys High School

Works notification | 19 September 2023

A project is underway to provide a new multi-purpose hall at Canterbury Boys High School. The new hall will include a stage, indoor sports court, toilets, first-aid room and back of house facilities.

Spring school holidays

During the upcoming Spring school holidays, scheduled works include the installation of glazing to the entrance foyer, completion of sheeting installation to internal walls and the ceiling and waterproofing and tiling of all wet areas.

Additionally, the installation of the timber flooring, internal fit out and internal painting will take place along with the fire hydrant connection and external landscaping works.

Power supply upgrade

The Main Switchboard (MSB) upgrade to provide permanent power supply to the hall is scheduled to take place on Thursday 19 October 2023 by electricity provider, Ausgrid. Once connected, internal works will take place on Saturday 21 October 2023.

Please be assured school operations and properties will not lose electricity supply during this activity.

Working hours

Work will take place during the approved construction hours, 7am to 6pm Monday to Friday, and 8am to 5pm Saturdays. No work will occur on Sundays or public holidays, unless otherwise advised.

We are here to make sure that the works are completed safely and efficiently, with minimal impact on the community.

The health, safety, and wellbeing of the school and the local community is our highest priority, and we will continue to keep the community. Thank you for your cooperation while we deliver this important school infrastructure.
