

Carlingford Public School

Project update

November 2018

Investing in our schools

The NSW Government's 2018/19 Budget includes \$6 billion over four years to deliver more than 170 new and upgraded schools. A further \$160 million has also been invested as part of the record \$747 million maintenance investment announced last year. This is the largest investment in public education infrastructure in the history of NSW.

Carlingford Public School

A project is underway to upgrade Carlingford Public School. The project will deliver:

- 20 new permanent teaching spaces
- a new hall
- upgrades to some existing core facilities, including staff areas and administration.

Progress summary

The school upgrade is underway with demolition and site clearance works completed.

The foundations of the new building are in place.

Next steps

Works on the new building will continue with the establishment of the ground floor slab.

Working closely with the School Principal, teachers and staff, the design and construct contractor will finalise furniture selection and the design to upgrade the existing administration facilities.

Keeping you updated

Our commitment to act in the best interests of our stakeholders and the local community is at the forefront of our work.

Come and talk to us at a community information booth on Thursday, 29 November 2018 at:

- Carlingford Public School, 2:00-3:30pm
- Carlingford Court, 4:00-5:30pm
