# Carlingford West Public School and Cumberland High School

Project update | December 2023

## Investing in our schools

As part of the NSW Government's plan to rebuild essential services, the 2023-24 Budget is delivering a record \$3.5 billion for new and upgraded schools in Western Sydney. This targeted investment in growing communities will ensure working families get access to a world class public education.

## Project overview

The Department of Education has listened to the community's feedback and developed a joint project to upgrade Carlingford West Public School (CWPS) and Cumberland High School (CHS).

The upgrade at CWPS is designed to deliver new classrooms, new hall, new library, a new multipurpose play court, new canteen, kiss and drop, staff car parking and refurbished staff and administration areas.

The upgrade to CHS is designed to deliver new classrooms including specialist spaces such as wood workshops and visual arts spaces, new multipurpose hall, sport and performance spaces, new library, new multipurpose play courts, new canteen, and refurbished staff and administration facilities.

## Progress summary

Under the approved State Significant Development Application (SSDA) for the upgrades to CWPS and CHS, construction works will be progressing.

The approved SSDA approval and conditions of consent can be found on the DPE website: <https://www.planningportal.nsw.gov.au/major-projects/projects/upgrades-carlingford-west-public-school-and-cumberland-high-school>

As previously notified the contractor will set up the temporary site office and amenities in the CHS link road staff carpark. There will be no changes to the operation of the CHS link road and kiss and drop.

Demolition of the Covered Outdoor Learning Area at CWPS has been completed on the new play courts including a multipurpose play court, volleyball court and half size basketball court.

## Join us at an information session on Wednesday 13 December

Members of the project team will be available to discuss the next steps of the project as it moves into the construction phase.

**TIME:** 3 pm – 7 pm. This is a drop-in style information session so you can visit when convenient to you and speak to individuals from the project team.

**VENUE:** Cumberland High School library – enter via the Dunmore Avenue entrance.

We look forward to seeing you there. If you are not able to make the sessions, the information pack will be available on the project webpages.

## Managing construction impacts: thank you for your feedback

Thank you for your feedback on the works notification about managing construction impacts for this project.

Your feedback has been considered in the development of the Construction Environmental Management Plan and the Construction Noise and Vibration Management Sub-Plan. We are responding directly to those who provided feedback.

These plans will be available on the project webpage in early December 2023.

## Next steps

The construction contractor will finish the site establishment work that was begun in the Term 3 holidays, in preparation for the main construction works to begin. Site establishment includes the installation of temporary construction fencing around the work site and installation of site offices and sheds.

We are working closely with the school leadership teams to ensure students have access to adequate play space when the fencing is all installed. Please see the map on the next page outlining where the sites will be at both schools.

The safety of the school's students, staff, visitors and the local community is our highest priority. Construction planning is designed so there is minimal impact on school operations. Safety measures are in place to separate the construction site from areas occupied by the school and ensure students are unable to enter construction areas.

We look forward to continuing to share information with you as the project progresses.

## Join the mailing list to be kept updated

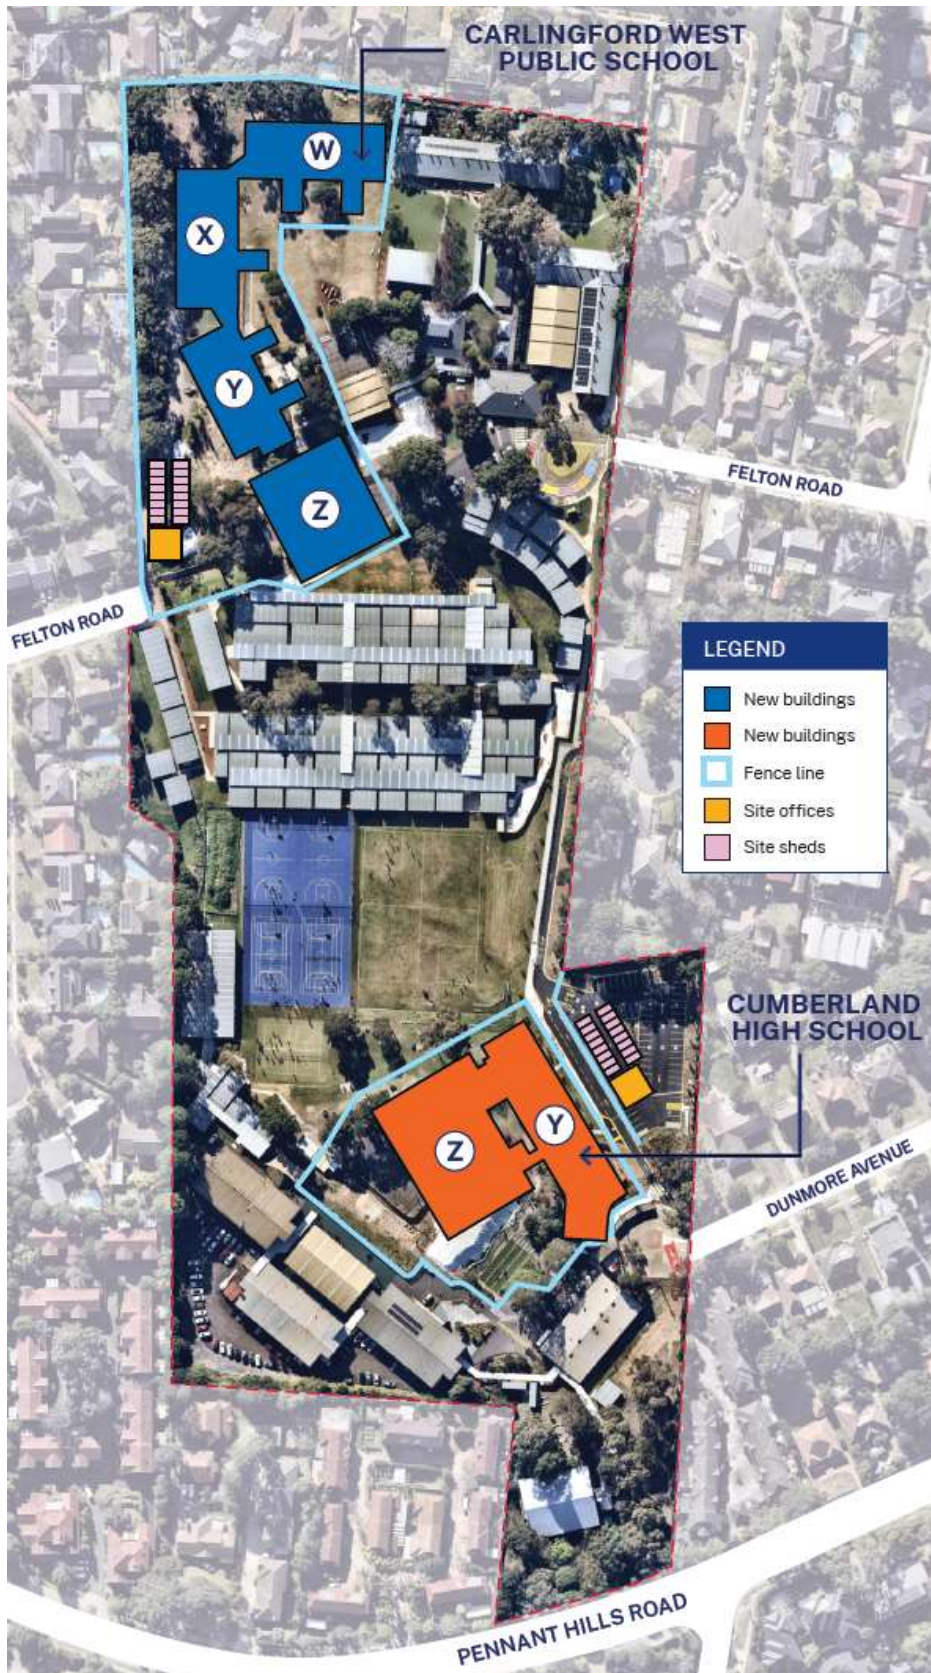

When the main works construction starts we will distribute updates, notifications and other communications electronically. You can sign up to receive these through the QR code (right) or at [edu.nsw.link/CWPSCHSupdates](https://edu.nsw.link/CWPSCHSupdates)

If you are an adjoining neighbour of Carlingford West Public School or Cumberland High School you will still receive printed materials.

## Holiday working hours

The site will be closed from 6.00 pm Friday 22 December 2023. Construction will restart from 7.00 am Wednesday 3 January 2024 and take place within the approved construction hours of 7.00 am to 6.00 pm Monday to Friday, and 8.00 am to 1.00 pm on Saturdays. No work will take place on Sundays or public holidays, unless otherwise advised.

School Infrastructure NSW will be closed from 5.00 pm Friday 22 December 2023 to 9.00 am Monday 8 January 2024, inclusive, in line with the NSW Government shut down period. You can continue to contact us during this time, and we will get back to you after we return. If there is an urgent issue, please contact the site manager listed on the construction site entry. In an emergency, please call triple zero (000).

We would like to wish everyone a safe festive season and a happy new year.
