

# Carlingford West Public School and Cumberland High School

## Works notification | 15 August 2025

A project to upgrade Carlingford West Public School and Cumberland High School is underway. As part of the traffic and transport strategy, works are continuing to improve local road access and reduce local congestion by building the new Bus Link Road at Cumberland High School. The road is permitted for bus use only. We previously notified about this work in the [11 June 2025](#) notification.

### Out of hours night works on the new Bus Link Road

Due to recent inclement weather and the early handover of Blocks W and X at Carlingford West Public School, we have had to reschedule this work.

The next stage of construction involves night works to connect the new Bus Link Road to Pennant Hills Road. To minimise disruption to traffic these works will take place for up to five nights per week from **Sunday 24 August** until **Friday 3 October 2025**, weather permitting, from **6 pm to 7 am Sunday to Thursday**.

The work will include an excavator, road saws and concrete trucks. Noisy activities, such as jack hammering and concrete saw cutting, will end by midnight.

During this work, trucks and equipment will enter and exit the site via the construction entries on Dunmore Avenue (see red circled area on map overleaf where works will be undertaken).

This work will be actively managed in accordance with the approved Noise and Vibration Management Plan, with any noise and vibration impacts minimised or reduced wherever possible.

During this time, there will be temporary footpath and lane closures along Pennant Hills Road. Traffic controllers will be present to support these activities.

If any issues arise during these out of hours works, please contact Stephen, site supervisor, at the number **+61 419 012 596** in the first instance.

### Further Information

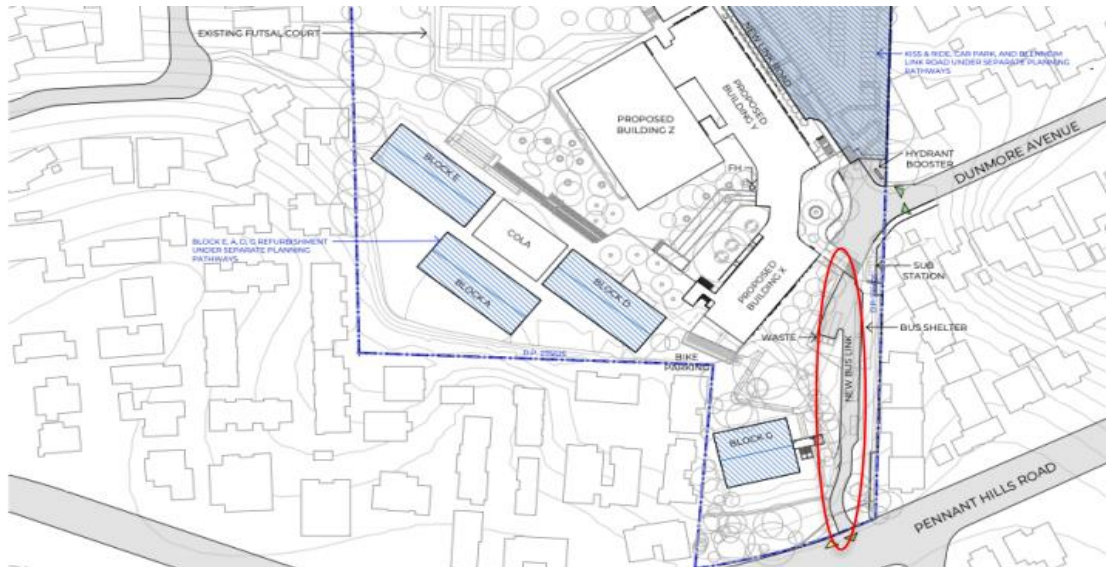

If you would like more information on our project or if have any questions, please call School Infrastructure on 1300 482 651 during business hours (9 am – 5 pm).

We thank you for your patience and understanding while we undertake this important project.
