Investing in our schools

As part of the NSW Government's plan to rebuild public education, the 2025-26 Budget is delivering \$3.9 billion for new and upgraded schools in Western Sydney. This targeted investment will ensure growing communities get access to a world class public education.

Project overview

The upgrade at **Carlingford West Public School (CWPS)** will deliver new flexible classrooms, new hall, new library, new multipurpose play court, new canteen, and refurbished staff and administration areas.

The upgrade to **Cumberland High School (CHS)** will deliver new flexible classrooms including specialist spaces such as wood workshops and visual arts spaces, a new multipurpose hall, sport and performance spaces, new library, new multipurpose play courts, a new canteen, and refurbished staff and administration areas.

Move in date confirmed Carlingford West Public School

While work on Blocks Y and Z, the new hall, is still progressing, we are excited to confirm that Blocks W and X of this important project are nearly finished. Over the next few weeks, the team will be putting the finishing touches on the landscaping, relocating school resources and working with school staff to get everything ready to welcome students to their new spaces on **Day 1 Term 3, Tuesday 22 July 2025**.

Arriving at school

The main entry for the school remains the same on Felton Road West and Felton Road East. Parking and pedestrian access will also continue as they were for Term 2.

Students should put their bags in the red COLA and wait for instructions from morning duty staff.

Pick up / drop off

There will be no changes to pick up and drop off as per previous arrangements. The turning circle on Felton Road East will operate as normal.

Next steps

The school will provide an opportunity for parents, carers and families to come and visit the new facilities when further upgrades are complete. More information on these activities will be shared in the coming months.

For more information about the upgrade to Carlingford West Public School and Cumberland High School, view the [Project update June 2025](#) on the project website.

We look forward to providing more information on the progress of all works soon.
