

Carlingford West Public School and Cumberland High School

Works notification | 10 August 2023

Construction site offices in Cumberland High School link road carpark

To prepare for the upgrades to Carlingford West Public School (CWPS) and Cumberland High School (CHS) temporary site office and amenities will be set up in the CHS link road carpark from 16 August.

There will be no changes to the operation of the CHS link road and kiss and drop function. Please see the map at right for details.

Managing construction impacts

The safety of the school's students, staff, visitors and the local community is our highest priority. Construction planning is designed so there is minimal impact on school operations.

Safety measures are in place to separate the construction site from areas occupied by the school and ensure students are unable to enter construction areas.

There is regular consultation with the school to discuss construction progress.

Thank you for your patience while we deliver this important school infrastructure.
