

Cumberland High School

Works notification | 21 September 2023

Site establishment works in Term 3 holidays

During the Term 3 school holidays the contractor will start site establishment work in preparation for the main construction works to begin once approval for the State Significant Development Application is granted.

We are working closely with the school leadership team to ensure students still have access to adequate play space when the fencing is installed. To keep as much play space available to students as possible, only part of the site will be fenced off during the school holidays, as shown in the map on the next page. The remainder of the fencing which will go around the entire building site will be put up when the approval for the State Significant Development Application is granted.

The safety of the school's students, staff, visitors and the local community is our highest priority. Construction planning is designed so there is minimal impact on school operations. Safety measures are in place to separate the construction site from areas occupied by the school and ensure students are unable to enter construction areas.

We look forward to continuing to share information with you as the project progresses.

Managing construction impacts

The safety of the school's students, staff, visitors and the local community is our highest priority. Construction planning is designed so there is minimal impact on school operations.

Safety measures are in place to separate the construction site from areas occupied by the school and ensure students are unable to enter construction areas.

There is regular consultation with the school to discuss construction progress.

Thank you for your patience while we deliver this important school infrastructure.
