

Carlingford West Public School and Cumberland High School

Works notification | 14 September 2023

Site establishment works in Term 3 holidays

During the Term 3 school holidays the contractor will start site establishment work in preparation for the main construction works to begin. Site establishment includes the installation of temporary construction fencing around the work site and installation of site offices and sheds.

We are working closely with the school leadership team to ensure students have access to adequate play space when the fencing is installed. Please see the map on the next page outlining where the sites will be at both schools.

The safety of the school's students, staff, visitors and the local community is our highest priority. Construction planning is designed so there is minimal impact on school operations. Safety measures are in place to separate the construction site from areas occupied by the school and ensure students are unable to enter construction areas.

We look forward to continuing to share information with you as the project progresses.

Managing construction impacts

The safety of the school's students, staff, visitors and the local community is our highest priority. Construction planning is designed so there is minimal impact on school operations.

Safety measures are in place to separate the construction site from areas occupied by the school and ensure students are unable to enter construction areas.

There is regular consultation with the school to discuss construction progress.

Thank you for your patience while we deliver this important school infrastructure.
