

Carlingford West Public School and Cumberland High School

Works notification | 25 September 2023

Power connection works 26 September to 27 September 2023

During the Term 3 school holidays additional power poles will be set up at Dunmore Avenue and Felton Road, as shown on the map below. These power poles are for temporary power supply and will be connected to existing power poles via an overhead power line.

Full road and footpath access will be maintained by traffic controllers for the duration of the works. There will be no impact to power at neighbouring residences.

We thank you for your patience while we deliver this important school infrastructure.
