

Carlingford West Public School

Works notification

31 August 2021

Dear parents/carers/neighbours,

As part of the preparation works for the upgrade to Carlingford West Public School, there are some minor works for the temporary school planned.

This work includes installing a temporary fence, trenching, concrete cutting, pipe/cable installation and the backfilling of trenches.

Work will start on Thursday 2 September and finish on Thursday 9 September, with the concrete cutting planned for Saturday 4 September, weather permitting. Hours of work will be 7 am to 5 pm.

We will minimise noise and disturbances whenever possible. However, some of the work may be noisy due to the machinery and equipment that will be used, such as hand tools, an excavator, and other machinery.

During this work, there will be no vehicle access to Carlingford West Public School via Felton Road. Pedestrian access will be maintained and traffic control will be in place to maintain safety.

We apologise for any inconvenience during this essential work.

For any queries relating to this work, please contact School Infrastructure NSW using the contact details below.
