Re: Vines Drive Works, Centre of Excellence, Hawkesbury Campus.

Dear Tom,

This letter is to confirm that in my opinion the proposed works along Vines Drive within the Centre of Excellence, Hawkesbury Campus are most appropriately dealt with under the State Significant Development legislation and this will allow the works to be brought under the Archaeological Heritage Management Plan and a short assessment and unexpected finds procedure should address this matter. The area appears to be very disturbed and past test excavation adjacent to the area has revealed no Aboriginal archaeological material.
