Installation of demountable buildings at Western Sydney University

We have come to an agreement with Western Sydney University (WSU) to install demountable buildings for use by students in addition to existing classrooms on the TAFE site. This will include 5 classrooms, 1 staff office, and a toilet block.

The demountable buildings will be installed directly opposite the TAFE site.

Work to install the new demountable buildings will commence early in the new year and should be completed in mid-February. During the first two weeks of 2024 TAFE has agreed to make classrooms available to avoid disruptions to learning.
