

Upgrade to Chatswood Public School

Works notification

February 2022

Dear Community,

We are upgrading Chatswood Public School with new and improved education facilities to support the student community.

Pacific Highway out of hours works

We are writing to inform you that we will be carrying out approved out of hours works on the Pacific Highway near the Chatswood Public School main entrance. The works are taking place out of hours to avoid impacting traffic during peak travel times.

These works will take place from Monday 7 February to Friday 11 February 2022, between 9 pm and 4 am, weather permitting. These works include non-destructive digging to expose services, connection to the authority water main, inspections by authorities, backfilling the excavated area and temporary reinstatement of the road surface.

The works will involve digging up a section of the footpath from Centennial Avenue to Western Way south of the pedestrian overpass to connect the new buildings to the Sydney Water mains (see map).

Pedestrian diversions will be in place and one northern lane of the Pacific Highway will be closed while these works are in progress. Traffic control will be in place for the safety of motorists, pedestrians and the community.

All works conducted after 6 pm will be managed in accordance with the existing Construction Noise and Vibration Management Plan, including noise monitoring.

Thank you for your patience while we upgrade Chatswood Public School.
