

Upgrade to Chatswood High School

Works notification

October 2022

Early removal of three demountable classrooms at Chatswood High School

Construction of Building S at the high school and Buildings P1 and P2 at the public school is nearing completion. The new teaching spaces will be handed over to the schools in December 2022, ready to welcome students from Day 1 Term 1 2023. With the new buildings being operational, the removal of most of the demountable classrooms at the high school is planned to start in December 2022 during the school holidays.

Due to recent wet weather, School Infrastructure NSW has now prioritised the early removal of three demountable classrooms so they can be reallocated to significantly flood impacted schools in northern NSW. The selected demountable classrooms will be removed via the Oliver Road entrance.

The demountable classrooms and their walkways will be dismantled on site from Monday 17 October. On **Friday 21 October between the hours of 7am and 5pm** (excluding school drop off and pick up times), the materials will be moved by crane onto an oversized flatbed truck. Should the work be impacted by wet weather, Saturday 22 October will be used as contingency.

Access to site and traffic controls

Oversized flatbed trucks will start to arrive prior to 7am to deliver a mobile crane and to transport the materials from site. We expect there will be 9 truck movements throughout the day.

The drop off zone on Oliver Road will remain open to students during school drop off and pick up times but will be closed outside of those times. Access to the oval will remain open from the Eddy Road entrance. Local roads and footpaths will also remain open, with traffic controls in place to ensure the safety of road users and pedestrians.

A separate notification will be provided to the community in November to outline activity for the removal of the rest of the demountable classrooms during December 2022 and January 2023.

Thank you for your patience as we deliver this important project for the Chatswood community.
