

Chatswood High School Upgrade works complete

Welcome pack | December 2023

The upgrade has delivered:

More than **93** new and refurbished learning and teaching spaces

Four new buildings and refurbishment of building M, H, K housing flexible general learning classrooms

A new school hall including a stage, full sports court, dedicated performance workshop space and changing facilities

Refurbished full and half sports courts, cricket nets and sports field and a new permanent basketball court in the Meadows

Specialist facilities to support inclusive learning including a sensory garden

A new library and senior study area

New specialist science laboratories

Dedicated visual arts spaces including a covered outdoor rooftop workshop

New music classrooms and ensemble rehearsal space

New staff facilities and administration hub

Refurbished buildings

A new canteen

Landscaping throughout to enhance student play space and wellbeing

Message from the Principal

The redevelopment of Chatswood High School has opened boundless possibilities for the students enrolled in this remarkable school. The transformation of the physical environment to a modern open and inviting space has cultivated students who are engaged in their learning and prepared to work with others.

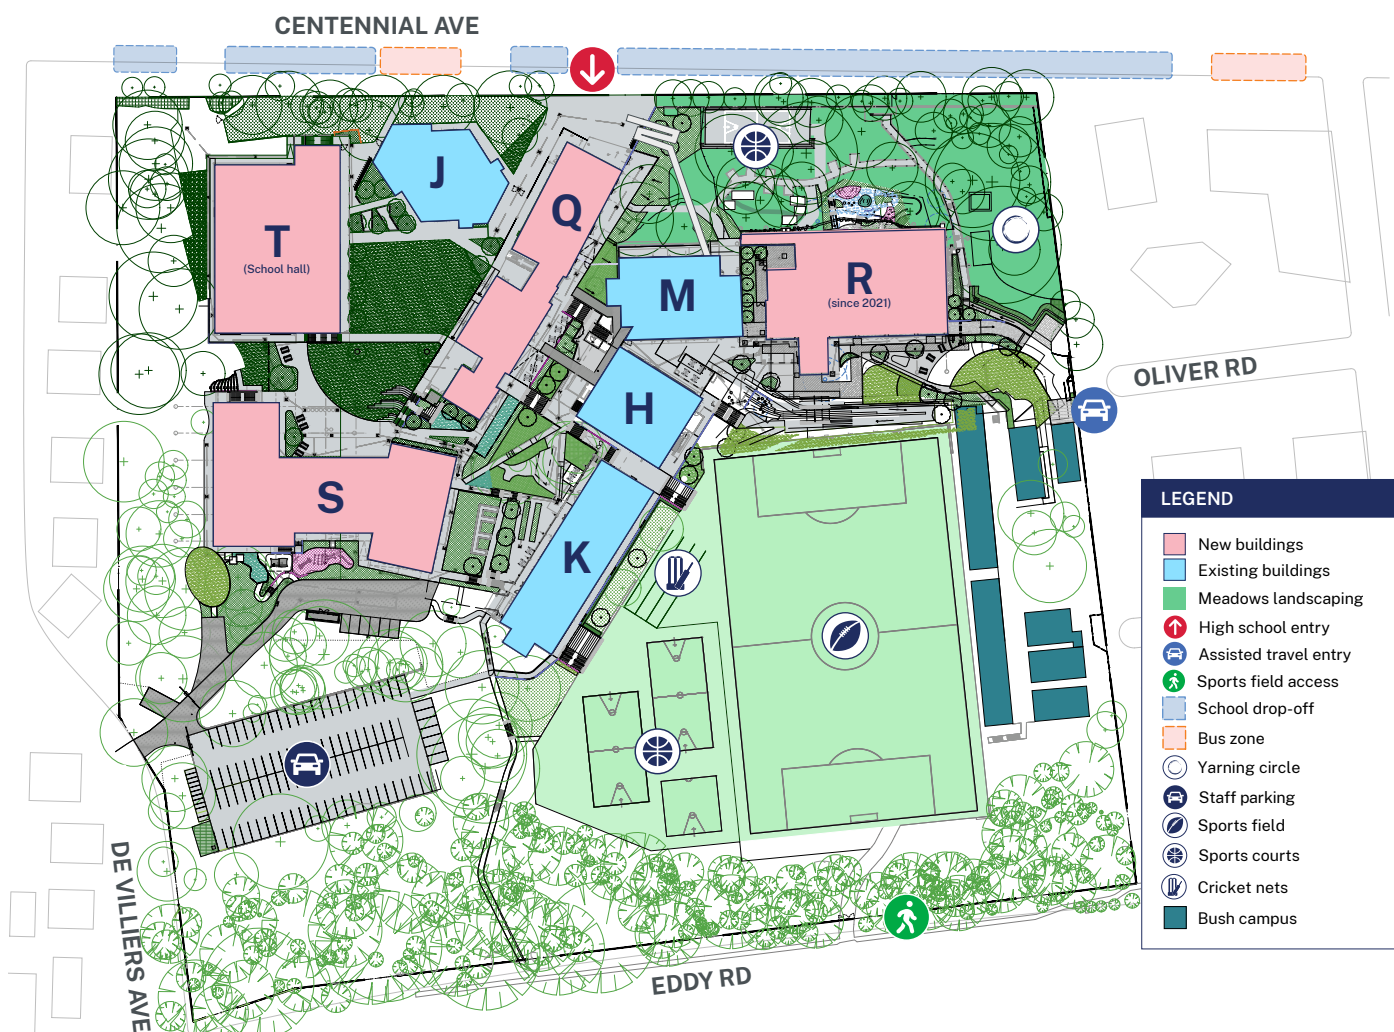

The modern learning spaces have provided opportunities for teaching staff to enact a broader range of teaching strategies leading to growth in academic achievement, the development of critical and creative thinkers and the ability for students to build their teamwork skills.

The landscaped areas provide opportunities for active play and passive student interaction during break times whilst allowing teaching staff access to a broad range of outdoor classroom settings. This variety of settings assists the students to build positive relationships with their teachers and peers.

It has been an honour to lead the school through this project, witnessing the physical blossoming of the buildings and surrounds. This project has also provided opportunities for collaboration and engagement across the community, prompting a deeper understanding of learning and teaching. As we celebrate the conclusion of the redevelopment, the Chatswood High School community commits to continuing our journey towards excellence in developing deep thinkers, inspirational individuals and our future leaders.

David Osland
Principal, Chatswood High School
