

Chatswood Public School

Works notification

9 January 2022

Dear Community,

We are upgrading Chatswood Public School and Chatswood High School with new and improved education facilities to support the student community.

Jenkins Street stormwater works

We will be carrying out stormwater connection works in Jenkins Street from **16 January 2023**.

The works are expected to take approximately 16 weeks to complete and will require temporary changes to Jenkins Street.

Between 1 – 11 Jenkins Street (see map), our contractor is required to install a new in-ground pipe network, underneath the road.

The machinery required to install the pipe network will include but is not limited to, 5 tonne and 8 tonne excavators, bobcats, rigid trucks, and an auger boring machine.

Curb side trees and vegetation may be impacted during these works. All associated work will be carried out following consultation with an arborist and with permission from Willoughby Council.

Access to properties

At 1,3,5 and 10A Jenkins Street, the pipe network will be installed beneath the existing road surface near the curb line (see map). There will be restricted access to these properties while the works are in progress as driveways will be excavated to lay the pipe network. Driveways and footpaths will be reinstated to council standards upon completion of the works.

Daily access will involve plates being installed across the driveways of all affected properties. The plates will be removed in the morning when works commence and reinstated at the end of the working day. All impacted properties will be issued with Willoughby Council parking permits for the duration of the works, allowing them to park in the local area during times when access to driveways is not possible by vehicle. Pedestrian access to properties will not be impacted and the footpath will remain in use throughout.

Between 6, 7, 8, 9, 10 and 11 Jenkins Street, horizontal under road drilling will be used to lay the pipe network. This will minimise impacts to the road surface and access to these properties will be maintained at all times (see map).

Work hours

The construction hours are 7 am to 6 pm Monday to Friday, 8 am to 4 pm Saturday. No work will take place on Sundays or public holidays, unless otherwise notified.

More information

If you have any queries or concerns about this project you can contact School Infrastructure NSW during business hours on 1300 482 651. Thank you for your patience as we deliver this important project for the Chatswood community.

Summary of work stages

Stage 1A* (6 weeks) from January 2023

Access to driveway (10 Jenkins Street) to be impacted between 7am-3pm. Highlighted area is occupied construction zone (Also to be retained as staging zone for duration of works).

Stage 1B* (3 weeks) from January-February 2023

No driveways to be impacted.

Highlighted area is occupied construction zone (Also to be retained as staging zone for duration of works).

Stage 2* (2 weeks) from February 2023

Access to driveways (3 & 5 Jenkins Street) to be impacted between 7am-3pm. Highlighted area is occupied construction zone.

Stage 3* (4 weeks) from February-March 2023

Access to driveway (1 Jenkins Street) to be impacted between 7am-3pm. Highlighted area is occupied construction zone.

Stage 4** (1 week) from February-March 2023

Access over footpath to be reinstated at completion of work each day.

Highlighted area is occupied construction zone.

Access to driveways will be reinstated at completion of work each day for all stages.

**Footpaths will always remain open for stages 1A, 1B, 2 and 3.*

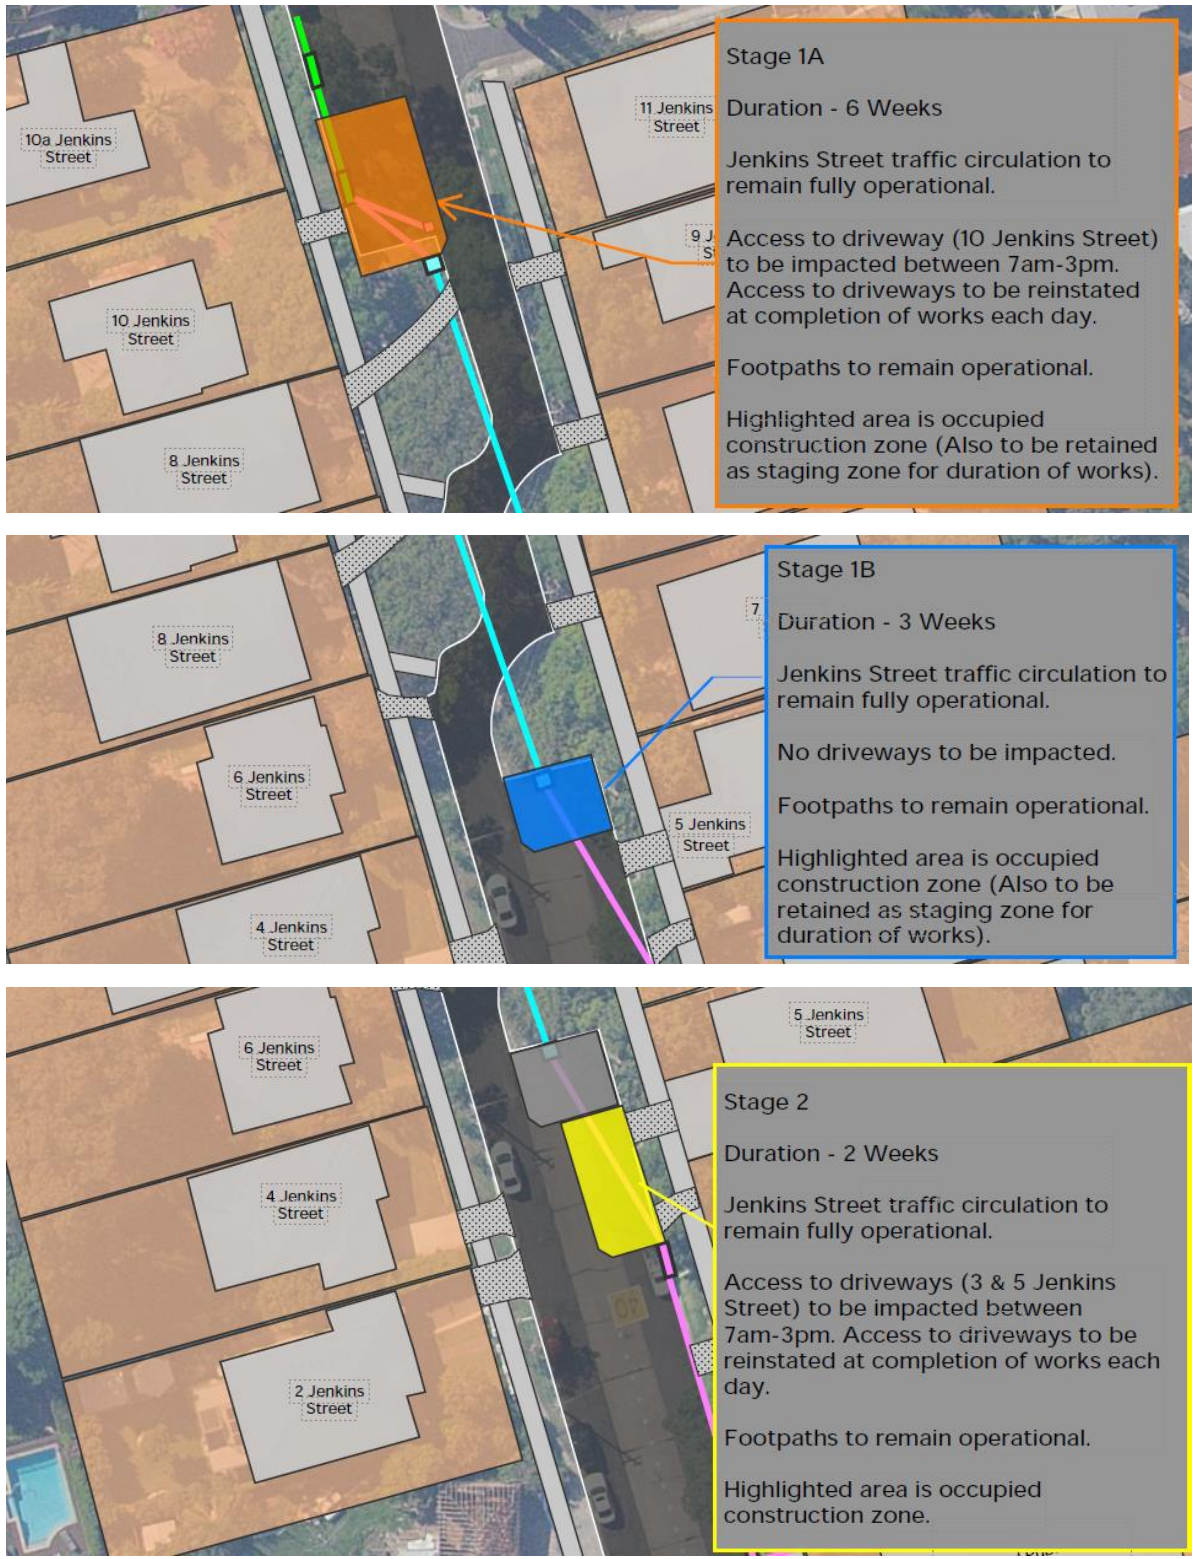

***Footpaths to be closed within work area from 7am-3pm for stage 4*

Maps showing each stage are provided on the following pages.
