

Upgrades to Chatswood Public School and Chatswood High School

Works notification | 6 November 2023

Retaining wall works at 2 James Street

Retaining wall works along Centennial Avenue are nearing completion and we thank the local and school communities for their patience during these works.

On Monday 13 November, work will start along the public school’s northern boundary retaining wall which is shared with 2 James Street. This final stage of the work is expected to take up to two weeks, depending upon weather.

A schedule of dates and activity is provided in the table below and the map shows the work locations and traffic management in place to manage a partial closure at the end of James Street and a small area of impacted footpath. An excavator with drill attachment will be positioned in front of 2 James Street for the duration of the work and it will be intermittently noisy when this is in use between 20 and 24 November.

Timing and location	Activity
Stage four: Northern boundary wall at James Street	
<p>Monday 13 November to *Monday 27 November</p> <p>7 am to 6 pm (<i>Saturday hours finish at 4pm</i>)</p> <p><i>*End date is weather dependant</i></p>	<ul style="list-style-type: none"> • Site establishment including installation of construction zone in front of 2 James Street and traffic control • Installing scaffolding in the back garden • Installing permanent anchors (noisy) • Construction of new foundations and concrete wall • Applying neighbour approved stain to colour the wall • Reinstating the garden beds and lawn • Demobilisation of site.
