EXECUTIVE SUMMARY

The NSW Department of Education - School Infrastructure NSW (SINSW) is responsible for the delivery of the Chatswood Education Precinct – Upgrades to Chatswood Public School and Chatswood High School (the Project), located at 5 Centennial Avenue and 24 Centennial Avenue, Chatswood, New South Wales (NSW). The primary objective of the upgrades is to provide additional teaching spaces and facilities to meet the current demand and enable increased student capacity for both schools.

An application to construct and operate the Project (State Significant Development (SSD) 9483) was approved by the Department of Planning and Environment (the Department) under delegation from the Minister for Planning and Public Spaces on 30 November 2020, subject to a set of conditions.

Johnstaff have been appointed by SINSW as the Project Manager of the Project. Richard Crookes Construction (RCC) have been engaged by SINSW as the Principal Contractor. The High School and Public School upgrades are being built in parallel, and construction commenced on 2 July 2021.

Conditions C40 – C45 of Schedule 2 of SSD 9483 set out the requirements for undertaking Independent Audits. The conditions give effect to the Department's document entitled *Independent Audit Post Approval Requirements* dated 2020 (IAPAR). The IAPAR sets out the scope, methodology and reporting requirements for Independent Audits (audits). Specifically, condition C41 states: '*Independent Audits of the development must be conducted and carried out in accordance with the Independent Audit Post Approval Requirements.*'

This Audit Report presents the findings from the sixth audit on the Chatswood Education Precinct (the first for full operations), covering the period between 30 December 2023 to 9 May 2024 (the audit period).

The overall outcome of the audit was very positive. The Project team has demonstrated that compliance management has been prioritized and this is reflected in the full compliance status for the audit period. Compliance records were very well organised and available at the time of the site inspections as were Project personnel for interview. The Auditor gives credit to the Project team for their hard work in this regard.

Detailed findings are presented in Section 3, along with actions to address each of the findings. The findings are summarised as follows:

- One previous audit finding from the fifth audit remains open, regarding the timing of the operational Compliance Report.
- A total of 170 conditions were assessed as part of the sixth audit, with the following findings:
 - No non-compliances were identified.
 - 66 conditions were compliant.
 - 104 conditions were not triggered.

- In addition to the above, one observations was identified in relation to exposure of the remediation marker layer in front of the High School K Block.

The Auditor would like to thank the auditees from the Department of Education, Johnstaff and RCC for their high level of organisation, cooperation and assistance during the audit.

1. INTRODUCTION

1.1 Project overview

The NSW Department of Education - School Infrastructure NSW (SINSW or the Applicant) is responsible for the delivery of the Chatswood Education Precinct – Upgrades to Chatswood Public School and Chatswood High School (the Project), located at 5 Centennial Avenue and 24 Centennial Avenue, Chatswood, New South Wales (NSW) (the Site). The primary objective of the upgrades is to provide additional teaching spaces and facilities to meet the current demand and enable increased student capacity for both schools.

The upgrades to Chatswood Public School include:

- 53 Classrooms (comprising 25 existing, 28 new spaces)
- Four (4) x special program classrooms (music, language etc)
- Three (3) x special support unit classrooms
- Increased Quality play spaces
- Retention of heritage buildings A and B
- New hall
- New car parking facilities and
- Associated site works and landscaping.

The upgrades to the Chatswood High School include:

- 118 Classrooms (comprising 18 existing, 18 upgraded and 82 new spaces)
- Four (4) x special support unit classrooms
- New administration and staff facilities
- New hall; and
- Associated site works and landscaping.

Indicative Project layouts are presented in Figures 1 and 2.

An application to construct and operate the Project (State Significant Development 9483) was approved by the (now) Department of Planning, Housing and Infrastructure (the Department, or DPHI)¹ on 30 November 2020, subject to a set of conditions.

¹ Following the release of the NSW Government Administrative Arrangements Order (No 6) 2023, effective 1 January 2024, business units within the former Department of Planning and Environment were re-aligned into Department of Planning, Housing and Infrastructure (Department, or DPHI).

JohnStaff was appointed by SINSW as the Project Managers of the Project. Richard Crookes Construction (RCC) were engaged as the Principal Contract constructing the Project. The Public School and High School upgrades were built in parallel. Construction was completed in late 2023.

The Project has been staged through an approved Staging Report in accordance with conditions A9 – A12.² 14 stages have been established enabling the commencement of operations/occupation of buildings as they have been completed.

Works carried out during the audit period included completion of construction of Stage 13 and operations of the new hall (Building T), sports courts and cricket nets, Building Q and Building G, Building V, Building A, Central Landscaping, Building S, and Buildings P1 and P2. To note, all buildings had been handed over prior to the current audit period, with completion of minor landscaping being the only construction activity having been undertaken since the previous audit. These activities were completed in late 2023.

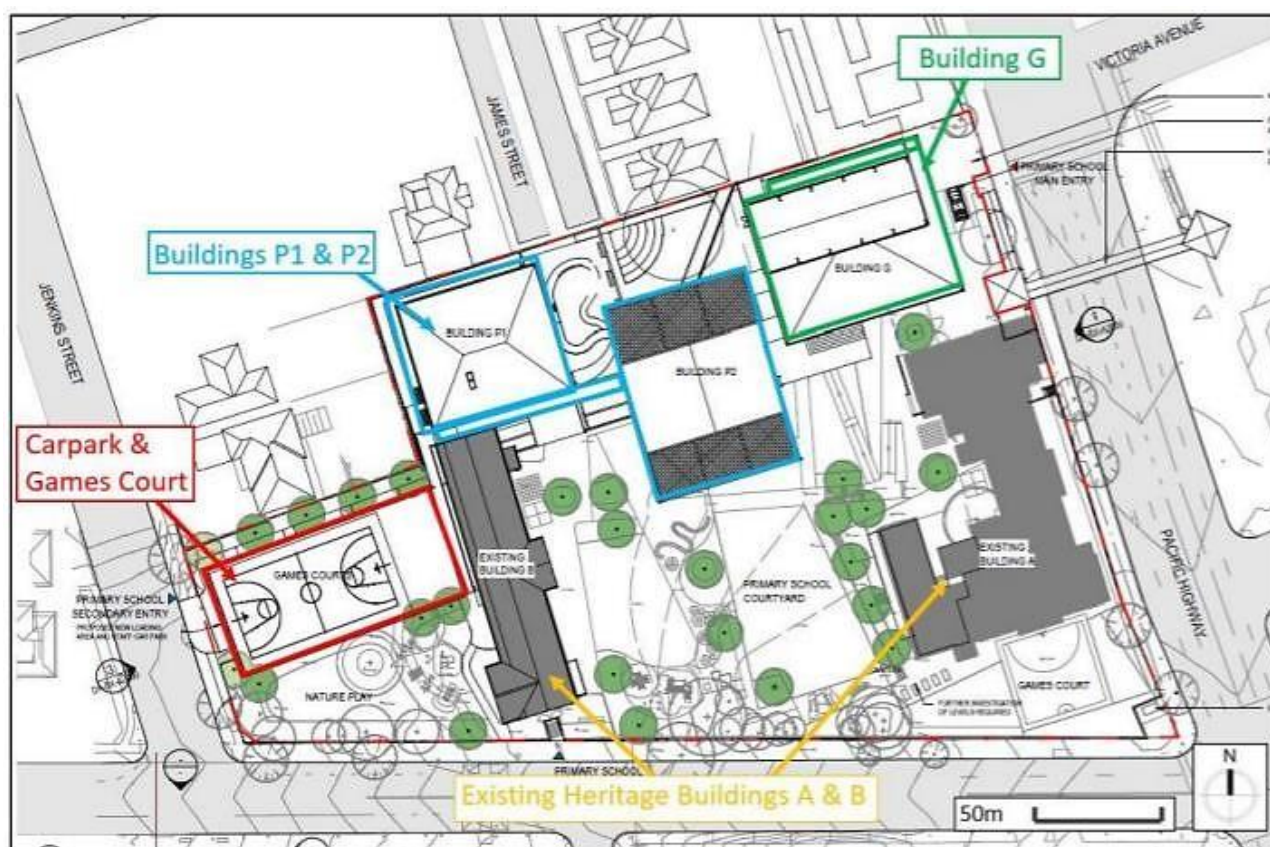

Figure 1: Chatswood Public School Site Plan (Source: RtS 2020)

² Revision 17 of the Staging Report was the latest iteration approved by the Department (approved on 21 August 2023). Refer to the Staging Report for details on each stage.

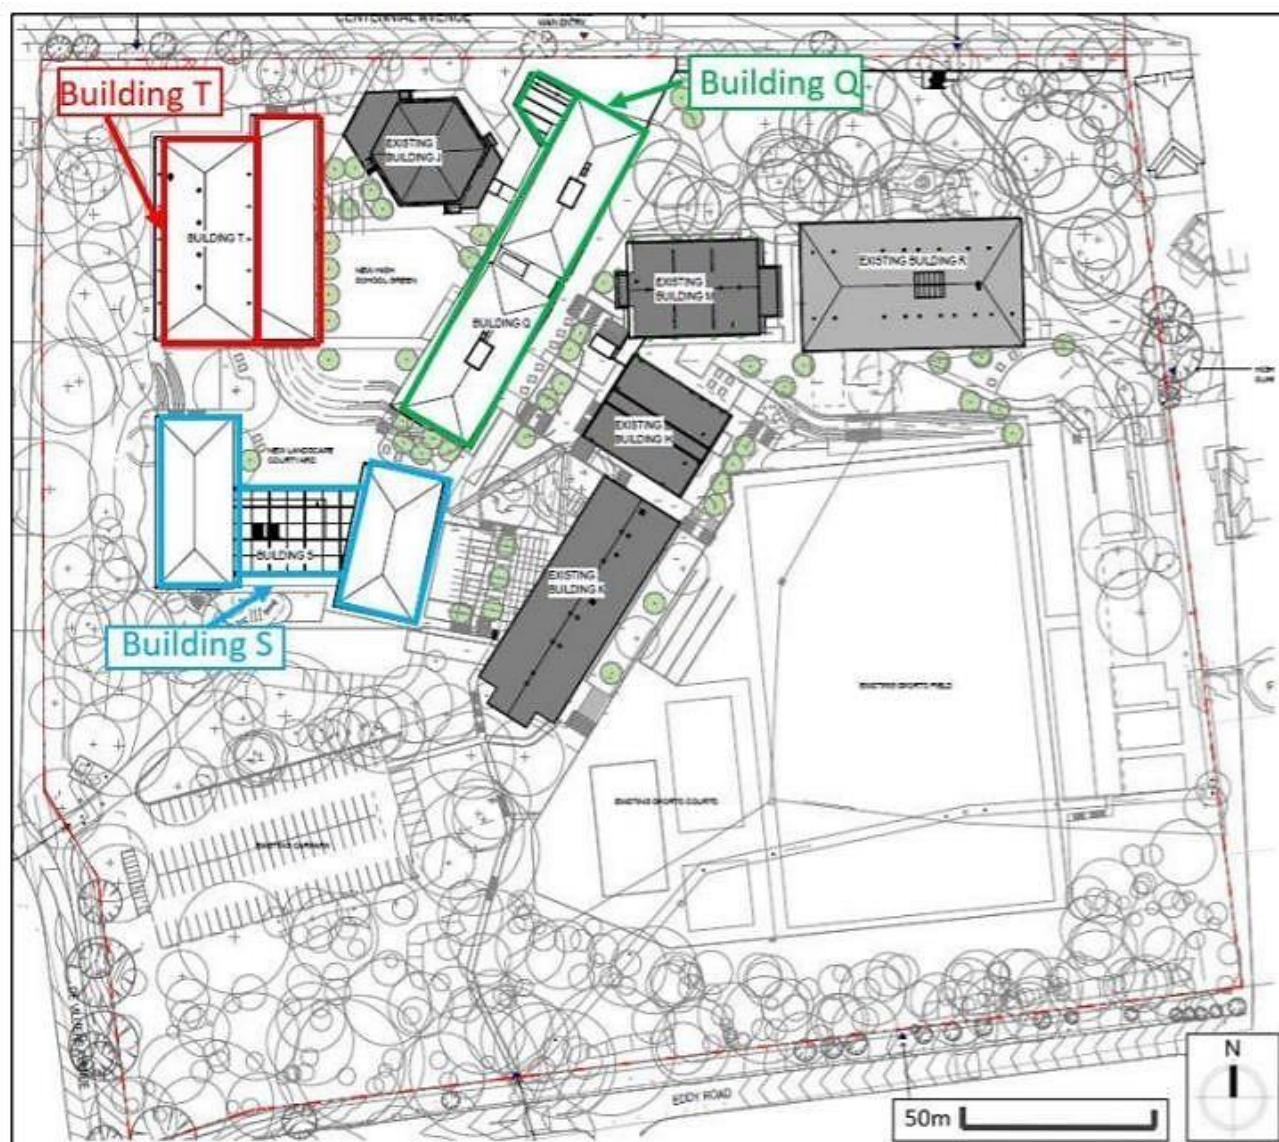

Figure 2: Chatswood High School Site Plan (Source: EIS 2020)

1.2 Approval requirements for the Independent Audit

Conditions C40 – C45 of Schedule 2 of SSD 9483 set out the requirements for undertaking Independent Audits (audits). The conditions give effect to the Department's document entitled *Independent Audit Post Approval Requirements* dated 2020 (IAPAR).

Specifically, SSD 9483 Schedule 2, condition C41 states:

Independent Audits of the development must be conducted and carried out in accordance with the Independent Audit Post Approval Requirements.

The IAPAR sets out the scope, methodology and reporting requirements for Independent Audits.

This Report presents the findings from the sixth audit conducted on the Project. The audit seeks to fulfill the requirements of condition C41, verify compliance with the relevant

conditions/requirements and assess the effectiveness of environmental management on the Project using the scope, methodology and reporting requirements from the IAPAR.

1.3 Audit team

In accordance with Schedule 2, condition C40 and Section 3.1 of the IAPAR, Independent Auditors must be suitably qualified, experienced and independent of the Project, and appointed by the Planning Secretary. The list of Auditors who performed the auditing works are shown on Table 1. Approval of the Audit Team was provided by the Department on 6 September 2022. The letter is presented in Appendix B and the Auditor's declaration is attached in Appendix E.

Table 1: Audit Team

Name	Company	Participation	Certification
Derek Low	WolfPeak	Lead Auditor	Exemplar Global Certified Lead Environmental Auditor - Certificate No 114283

1.4 Audit scope

This is the sixth audit on the Project, the first for full operations, covering the period between 30 December 2023 to 9 May 2024 (the audit period). The scope of the audit includes:

- “An assessment of compliance with:
 - all conditions of consent applicable to the phase of the development that is being audited
 - all post approval and compliance documents prepared to satisfy the conditions of consent, including an assessment of the implementation of Environmental Management Plans and Sub-plans, and
- a review of the environmental performance of the development, including but not necessarily limited to, an assessment of:
 - actual impacts compared to predicted impacts documented in the environmental impact assessment
 - the physical extent of the development in comparison with the approved boundary
 - incidents, non-compliances and complaints that occurred or were made during the audit period
 - the performance of the development having regard to agency policy and any particular environmental issues identified through consultation carried out when developing the scope of the audit, and

- feedback received from the Department, and other agencies and stakeholders, including the community or Community Consultative Committee, on the environmental performance of the project during the audit period.
- a review of the status of implementation of previous Independent Audit findings recommendations and actions (if any)
- a high-level assessment of whether Environmental Management Plans and Sub-plans are adequate, and
- any other matters considered relevant by the auditor or the Department, considering relevant regulatory requirements and legislation, knowledge of the development's past performance and comparison to industry best practices."

2. AUDIT METHODOLOGY

2.1 Audit process overview

The Independent Audit was conducted in a manner consistent with *AS/NZS ISO 19011:2019 – Guidelines for Auditing Management Systems* (AS/NZS ISO 19011) and the methodology set out in the Department's IAPAR 2020.

2.2 Audit process detail

2.2.1 Audit initiation and scope development

Prior to the commencement of the audit the following tasks were completed:

- Establish initial contact with the auditee
- Confirm the audit team
- Confirm the audit purpose, scope and criteria.

2.2.2 Preparing audit activities

The Auditor performed a document review, prepared an audit plan and work documents (audit checklists), and distributed these documents to the Project team in preparation for the audit.

2.2.3 Consultation

On 23 April 2024 WolfPeak consulted with the Department to obtain their input into the scope of the audit in accordance with Section 3.2 of the IAPAR. On 23 April 2024 the Department responded by stating that *'The Department does not require any additional issues for inclusion within the scope of the Audit that are not already captured by the Consent, and the Department's Independent Audit Post Approval Requirements (May 2020).'*

The consultation records are attached in Appendix C.

2.2.4 Meetings

Opening and closing meetings were held with the Auditor and Project personnel on 9 May 2024.

During the opening meeting the objectives and scope of the audit, the resources required and methodology to be applied were discussed.

At the closing meeting, preliminary audit findings were presented, preliminary recommendations (as appropriate) were made, and any post-audit actions were confirmed.

2.2.5 Interviews

Interviews were conducted with key personnel involved in the Project delivery, including those with responsibilities for environmental management, and who could assist on verifying the compliance status of the development was interviewed. Interviews were conducted on 9 May 2024. The names of personnel interviewed during the audit are provided in Table 2.

Table 2: Audit meeting personnel interviewed

Name	Role	Organisation
Lily Beckhurst	Project Engineer	RCC
Adam Zivanovic	Project Manager	RCC
Anne Warren	Senior Project Manager	Johnstaff
Richard McKeough	Chatswood High School Acting Principal	Department of Education
Nick Boogert	Chatswood High School Acting Deputy Principal	Department of Education
Annette Young	Chatswood Public School Business Manager	Department of Education

2.2.6 Site inspection

The on-site audit activities, conducted 9 May 2024, included an inspection of the entire site and work activities to verify implementation of the environmental controls and mitigation measures. Photos are presented in Appendix D. Note that school was in session during the audit site inspection, therefore photos of operational areas in use was not permitted.

2.2.7 Document review

The audit included investigation and review of Project files, records and documentation that acts as evidence of compliance (or otherwise) with a compliance requirement. The primary documents sighted are presented in Section 3.1 and detailed document and records reviewed were defined in Appendix A.

2.2.8 Generating audit findings

Independent Audit findings were based on verifiable evidence. The evidence included:

- Relevant records, documents and reports
- Interviews of relevant site personnel
- Photographs
- Figures and plans; and
- Site inspections of relevant locations, activities and processes.

2.2.9 Compliance evaluation

The Auditor determined the compliance status of each compliance requirement using the descriptors from Table 2 of the IAPAR. These are replicated in Table 3 below.

Table 3: Compliance status descriptors

Status	Description
Compliant	The Auditor has collected sufficient verifiable evidence to demonstrate that all elements of the requirement have been complied with within the scope of the audit.
Compliant	WolfPeak considers that it is the role of the Certifier or other authority / expert to verify compliance with this condition and has marked this requirement as compliant on the basis of their assessment or advice.
Non-compliant	The Auditor has determined that one or more specific elements of the conditions or requirements have not been complied with within the scope of the audit.
Not Triggered	A requirement has an activation or timing trigger that has not been met at the time when the audit is undertaken, therefore an assessment of compliance is not relevant.

Observations and notes may also be made to provide context, identify opportunities for improvement or highlight positive initiatives.

2.2.10 Evaluation of post approval documentation

The Auditor assessed whether post approval documents:

- they have been developed in accordance with the conditions of consent and approvals applicable to the development and their content is adequate; and
- they have been implemented in accordance with the conditions of consent for the development.

The adequacy of post approval documents was determined on the basis of whether:

- there are any non-compliances resulting from the implementation of the document; and
- whether there are any opportunities for improvement.

3. AUDIT FINDINGS

3.1 Approvals and documents audited, and evidence sighted

The documents audited comprised all the conditions from Schedule 2 of SSD 9483 applicable to the works being undertaken. The primary documents reviewed during this audit are as follows:

- *SSD 9483 Environmental Impact Statement, Upgrades to Chatswood Public School and Chatswood High School*, DFP Planning, 23 March 2020 (the EIS)
- *SSD 9483 Chatswood Education Precinct School Response to Submissions*, DFP Planning, DFP Planning, 2 October 2020 (RtS)
- *Development Consent SSD 9483*, 30 November 2020 (the Consent)
- *Staging Report*, version 17 dated 15 December 2023
- *Operational Waste Management Plan*, Foresight, 09 December 2021
- *Community Communication Strategy*, SINSW, 26 March 2021
- *Chatswood High School Redevelopment, Environmental Management Plan*, Tetra Tech Coffey, 4 December 2023 (the LTEMP)
- *Chatswood High School Out of Hours Event Management Plan*, JohnStaff, 18 January 2024
- *Chatswood Public School Out of Hours Event Management Plan*, JohnStaff, 18 January 2024.

Additional documents and evidence sighted during the audit are set out in Appendix A.

3.2 Summary of compliance

This Section presents findings from this sixth audit. The non-compliances and observations (along with associated recommended or completed actions) are presented in Table 4. Detailed findings against each requirement are presented in Appendix A. The status on findings that were open at the time of completion of the fifth audit are presented in Table 5. In summary:

- One previous audit finding from the fifth audit remains open, regarding the timing of the operational Compliance Report.
- A total of 170 conditions were assessed as part of the sixth audit, with the following findings:
 - No non-compliances were identified.
 - 66 conditions were compliant.
 - 104 conditions were not triggered.
- In addition to the above, one observations was identified in relation to exposure of the remediation marker layer in front of the High School K Block.

Table 4 Findings from the sixth Independent Audit

Item	Ref.	Type	Requirement	Finding	Recommended or completed action ³	Status ⁴
IA6_1	E8	Observation	<i>Upon completion of remediation works, the Applicant must manage the site in accordance with the Environmental Management Plan approved by the Site Auditor under condition D24 and any on-going maintenance of remediation notice issued by EPA under the Contaminated Land Management Act 1997.</i>	Observation: The LTEMP specifies that for existing landscaped areas, not subject to remediation/excavation (such as the area outside K Block) the design is that a marker layer would be placed over the existing ground with a 100mm thick mulch cover. It was observed during the audit site inspection that the marker layer established through the remediation of the High School is exposed outside of K Block due to recent heavy rain. The school staff indicated that heavy rain washed the mulch layer off, exposing the marker layer, and that mulch needs be pulled back or re-applied. The Auditor is of the that whilst the minimum requirement from the LTEMP has been met, this arrangement whereby school staff need to manage the mulch cover after heavy rain is not optimal.	The design of the treatment of the existing landscape outside of K Block should be reviewed (by SINSW and its contractors, and in consultation with the school) and potentially updated so that the marker layer is not exposed following rain.	OPEN

³ The recommended action does not preclude the need for all non-compliances to be reported by the proponent in accordance with the terms of the consent.

⁴ At the time of finalising this Audit Report.

Table 5: Status of findings that were open at the time of completing the fifth audit

Item	Ref.	Type	Requirement	Finding	Recommended or completed action ⁵	Status ⁶
IA5_1	A31	Observation	Compliance Reports of the project must be carried out in accordance with the Compliance Reporting Post Approval Requirements.	<p>Observation: The Compliance Reporting Post Approval Requirements requires Compliance Reports to be prepared within 52 weeks of commencement of operations.</p> <p>The first stage of operations commenced in April 2022 (refer D1) but this pertained to ramps and stairs only.</p> <p>As per information provided by the auditees, the commencement of use for the first teaching buildings (Building S, P1 and P2) began in December 2022, while the remaining teaching spaces such as Building T, became operational on 24 April 2023, Building Q on 22 May 2023 and Building G on 31 May 2023. Consequently, the auditee considered that the Chatswood Education Precinct's operations commenced on 31 May 2023, which marks the date when the last building was handed over. Therefore, the first Compliance Report is expected to be completed before 31 May 2024.</p> <p>No Compliance Reports have been prepared to date.</p>	Prepare and submit a Compliance Report in accordance with Compliance Reporting Post Approval Requirements. Inform the Department of proposed timing of the first Compliance Report under condition A31.	OPEN
IA5_5	E19	Observation	Waste collection must be undertaken during the hours of 7:30am to 6pm Monday to Friday.	<p>Observation: The Auditor notes that operational waste collection is occurring from waste collection areas that were in place at both schools prior to the Project being constructed (i.e.: from the locations that do not form part of the SSD). The new waste collection areas that form part of the SSD have been constructed but have not been put into use at the time of the audit.</p> <p>The Auditor observes that two separate email chains indicate that waste collection under pre-existing arrangements is occurring outside the hours permitted by this condition.</p> <p>According to an email from Veolia to the Department of Education, waste collection from the High School operates as follows:</p> <ul style="list-style-type: none"> Monday - Takes place on a Sunday afternoon Tuesday - Takes place on Monday afternoon Wednesday - takes place on Tuesday afternoon Thursday - takes place on Wednesday afternoon Friday - takes place on a Thursday afternoon <p>According to an email from the Department of Education to Johnstaff, waste collection from the Public School occurs at approximately 04:30am each morning.</p>	Require waste collection to occur during the hours of 7:30am to 6pm Monday to Friday for all waste collections from the new waste collection areas constructed as part of the Project.	<p>CLOSED</p> <p>On 10/04/24 Veolia provided a written statement that waste collection is occurring within the hours specified by this condition.</p>

⁵ The recommended action does not preclude the need for all non-compliances to be reported by the proponent in accordance with the terms of the consent.

⁶ At the time of finalising this Audit Report.

3.3 Adequacy of Environmental Management Plans, sub-plans and post approval documents

The adequacy of post approval documents must be determined on the basis of whether:

- There are any non-compliances resulting from the implementation of the document.
- Whether there are any opportunities for improvement.

The following documents were reviewed as part of the Independent Audit:

- Operational Waste Management Plan
- Community Communication Strategy
- Chatswood High School Redevelopment, Environmental Management Plan (LTEMP)
- Chatswood High School Out of Hours Event Management Plan
- Chatswood Public School Out of Hours Event Management Plan.

The operational plans appear to be fit for purpose and would not result in non-compliance if implemented. The Auditor draws attention to finding IA6_1 regarding exposure of the remediation marker layer at the High School in front of K Block. It is the Auditor's view that the design of the treatment of the existing landscape outside of K Block should be reviewed (by SINSW and its contractors, and in consultation with the school) and potentially updated so that the marker layer is not exposed following rain. Depending on the outcome of the review, this may trigger the need for a minor update to the LTEMP.

3.4 Summary of notices from agencies

To the Auditor's knowledge no formal notices were served on the Project by the Department or other agencies during the audit period.

3.5 Other matters considered relevant by the Auditor or DPHI

The Auditor has no other matters to raise, beyond those already presented in Section 3 of this Report. The Department did not raise any particular issue or area of focus as part of the consultation on the scope of this audit.

3.6 Complaints

The Project is maintaining complaints register that is published on the Project website at:

<https://www.schoolinfrastructure.nsw.gov.au/projects/c/chatswood-public-school-chatswood-high-school-upgrades.html#category-reports>

There were 4 complaints recorded between 1 December 2023 and 30 April 2024. These complaints relate to security and / or fire alarms being incorrectly triggered. The Auditor notes that the issue occurred on four occasions with resolution only having been completed in January 2024

by completing hardware and software adjustments. There have not been any issues or complaint received since. The Auditor considers the responses to the complaints to be adequate.

3.7 Incidents

There were no reportable incidents as defined by SSD 9483 recorded by the auditee during the audit period.

3.8 Environmental performance and actual versus predicted impacts

Predicted impacts associated with the Project are described in:

- Section 6 of *Environmental Impact Statement State Significant Development (SSD 9483) Upgrades to Chatswood Public School and Chatswood High School*, dfp, 23 March 2020 (the EIS)
- Throughout the document entitled *SSD-9483 Upgrades To Chatswood Public School And Chatswood High School*, dfp, 2 October 2020 and the associated attachments (the RtS)

Together, and for the purposes of this section, the aforementioned documents are referred to here as the EIS.

The audit considered the actual impacts arising from the carrying out of the Project during the audit period (i.e.: operations) and whether they are consistent with the relevant impacts predicted in the EIS.

The Certifier has verified that the development was constructed as per the approved design, via issue of Crown Completion Certificates. There have been no incidents recorded by the auditees during the operational phase. The complaints received are confined to the incorrect triggering of security / fire alarms and these have been resolved. No non-compliances were identified. As such the Auditor is of the view that the actual impacts from the Project's operations are consistent with those stated in the EIS.

4. CONCLUSION

This Audit Report presents the findings from the sixth audit on the Chatswood Education Precinct (the first for full operations), covering the period between 30 December 2023 to 9 May 2024 (the audit period).

The overall outcome of the audit was very positive. The Project team has demonstrated that compliance management has been prioritized and this is reflected in the full compliance status for the audit period. Compliance records were very well organised and available at the time of the site inspections as were Project personnel for interview. The Auditor gives credit to the Project team for their hard work in this regard.

Detailed findings are presented in Section 3, along with actions to address each of the findings. The findings are summarised as follows:

- One previous audit finding from the fifth audit remains open, regarding the timing of the operational Compliance Report.
- A total of 170 conditions were assessed as part of the sixth audit, with the following findings:
 - No non-compliances were identified.
 - 66 conditions were compliant.
 - 104 conditions were not triggered.
- In addition to the above, one observations was identified in relation to exposure of the remediation marker layer in front of the High School K Block.

The Auditor would like to thank the auditees from the Department of Education, Johnstaff and RCC for their high level of organisation, cooperation and assistance during the audit.

5. LIMITATIONS

This Document has been provided by WolfPeak Pty Ltd (WolfPeak) to the Client and is subject to the following limitations:

This Document has been prepared for the particular purpose/s outlined in the WolfPeak proposal/contract/relevant terms of engagement, or as otherwise agreed, between WolfPeak and the Client.

In preparing this Document, WolfPeak has relied upon data, surveys, analyses, designs, plans and other information provided by the Client and other individuals and organisations (the information). Except as otherwise stated in the Document, WolfPeak has not verified the accuracy or completeness of the information. To the extent that the statements, opinions, facts, findings, conclusions and/or recommendations in this Document (conclusions) are based in whole or part on the information, those conclusions are contingent upon the accuracy and completeness of the information. WolfPeak will not be liable in relation to incorrect conclusions should any information be incomplete, incorrect or have been concealed, withheld, misrepresented or otherwise not fully disclosed to WolfPeak.

With respect to conditions relating to compliance with the design, Building Codes of Australia (BCA) or satisfaction of the Independent Verifier / Certifier / Certifying Authority, the Independent Audits relied on confirmation from the Independent Verifier / Certifier / Certifying Authority that this is the case. The Independent Audits do not extend to an assessment of the works against the design or BCA requirements themselves, nor did they examine the steps the Independent Verifier / Certifier / Certifying Authority has taken to verify that the design is compliant.

The assessment of actual impacts and those predicted in the Environmental Impact Assessment(s) was a high-level assessment qualitative assessment only. The Environmental Impact Assessment(s) include a voluminous number of studies and predictions that relied on observation, measurement and modelling of the existing environments and potential outcomes arising from the Project (including mitigation measures). Full assessment of the accuracy of these predictions would also require a significant number of studies involving measurement and modelling using actual data points as inputs. Other than the requirements specified in the, to the Auditor's knowledge there are no requirements to undertake such studies and doing so does not form part of this Independent Audit.

Audits of all post approval documents prepared to satisfy the conditions, including an assessment of the implementation of Environmental Management Plans and Sub-plans, adopts a Judgement Based Sampling approach. Judgement Based Sampling is the process of selecting a sample of commitments and evidence from within the total available data set (population) to obtain and evaluate evidence about some characteristic of that population, in order to form a conclusion concerning the population.

This Document has been prepared for the exclusive benefit of the Client and no other party. WolfPeak bears no responsibility for the use of this Document, in whole or in part, in other contexts or for any other purpose. WolfPeak bears no responsibility and will not be liable to any other person or organisation for or in relation to any matter dealt with in this Document, or for any loss or damage suffered by any other person or organisation arising from matters dealt with or conclusions expressed in this Document (including without limitation matters arising from any negligent act or omission of WolfPeak or for any loss or damage suffered by any other party relying upon the matters dealt with or conclusions expressed in this Document). Other parties should not

rely upon this Document or the accuracy or completeness of any conclusions and should make their own inquiries and obtain independent advice in relation to such matters.

To the best of WolfPeak's knowledge, the facts and matters described in this Document reasonably represent the Client's intentions at the time of which WolfPeak issued the Document to the Client. However, the passage of time, the manifestation of latent conditions or the impact of future events (including a change in applicable law) may have resulted in a variation of the Document and its possible impact. WolfPeak will not be liable to update or revise the Document to take into account any events or emergent circumstances or facts occurring or becoming apparent after the date of issue of the Document.

APPENDIX A – SSD 9483 CONDITIONS OF CONSENT

Unique ID	Compliance requirement	Evidence collected	Independent Audit findings and recommendations	Compliance Status	Staging as per approved Staging Report		
					Stage	Applicable phase	Staging Justification / comment
SCHEDULE 2							
PART A ADMINISTRATIVE CONDITIONS							
Obligation to Minimise Harm to the Environment							
A1	In addition to meeting the specific performance measures and criteria in this consent, all reasonable and feasible measures must be implemented to prevent, and, if prevention is not reasonable and feasible, minimise any material harm to the environment that may result from the construction and operation of the development	Evidence referred to elsewhere in this Audit Table Site inspection 09/05/24	The proponent has demonstrated that reasonable and feasible measures are being implemented to prevent or minimise harm to the environment.	C	All	Throughout	Applies to all stages
Terms of Consent							
A2	The development may only be carried out: a) in compliance with the conditions of this consent; b) in accordance with all written directions of the Planning Secretary; c) generally in accordance with the EIS and Response to Submissions; d) in accordance with the approved plans in the table below:	Evidence referred to elsewhere in this table. Interview with auditees 09/05/24 Environmental Impact Statement State Significant Development (SSD 9483) Upgrades to Chatswood Public School and Chatswood High School 5 & 24 Centennial Avenue, Chatswood, DFP Planning, 23/03/20 (the EIS) RE: SSD-9483 Upgrades to Chatswood Public School and Chatswood High School, DFP Planning, 02/10/20 (the RtS). Completion Certificate 21000290 / 6, MBC Group, 27/01/22 (OC1 – Building A Admin Area Refurb Handover) Completion Certificate 21000290 / 8, MBC Group, 31/01/22 (OC1 – Building V and Nature Play Area Handover) Completion Certificate 21000290 / 9, MBC Group, 31/01/22 (OC1.1 – Building A Admin Area Refurb Handover (STAIRS)) Completion Certificate 21000733 / 10, MBC Group, 8/12/22 - OC1 - Building S and Adjacent Landscaping (completion of SSD Stage 4) Completion Certificate 21000733 / 11, MBC Group, 5/10/22 – OC2 – DDA Ramp Completion Certificate 21000290 / 12, MBC Group, 1/12/22 - CC3 - P1 and P2 including adjacent landscaping area (completion of SSD Stage 5) Completion Certificate 21000289 / 14, MBC Group, 8/02/23 - OC2 – Building K Internal Refurb Handover) Completion Certificate 21000290 / 8, MBC Group, 27/01/22 (Completion Certificate 1 - Building V - Sports court and adjacent landscaping area as per the	The development has been caried out in compliance to condition of consent Compliance is being achieved as outlined in this Audit Table. There have been no written directions from the Planning Secretary. The project design and delivery are consistent with the EIS and RtS, noting the change to retain tree 198 as described in condition A13. The drawings are the plans being used for the development. The design is reviewed and confirmed by the Certifier through the build through the issue of Crown Certificates. We consider it the role of the Certifier to verify compliance with design and any BCA / design related requirements.	C	All	Throughout	Applies to all stages

A3	<p>Consistent with the requirements in this consent, the Planning Secretary may make written directions to the Applicant in relation to:</p> <p>a) the content of any strategy, study, system, plan, program, review, audit, notification, report or correspondence submitted under or otherwise made in relation to this consent, including those that are required to be, and have been, approved by the Planning Secretary;</p> <p>a) any reports, reviews or audits commissioned by the Planning Secretary regarding compliance with this approval; and</p> <p>b) the implementation of any actions or measures contained in any such document referred to in (a) above.</p>	Interview with auditees 09/05/24	The auditees reported that there was no written direction from the Planning Secretary for the last six (6) months.	NT	All	Throughout	Applies to all stages																																																																																																																																																																												

Unique ID	Compliance requirement	Evidence collected	Independent Audit findings and recommendations	Compliance Status	Staging as per approved Staging Report		
					Stage	Applicable phase	Staging Justification / comment
A4	The conditions of this consent and directions of the Planning Secretary prevail to the extent of any inconsistency, ambiguity or conflict between them and a document listed in condition A2(c). In the event of an inconsistency, ambiguity or conflict between any of the documents listed in condition A2(c), the most recent document prevails to the extent of the inconsistency, ambiguity or conflict.	Interview with auditees 09/05/24	No inconsistencies identified.	NT	All	Throughout	Applies to all stages
Limits on Consent							
A5	This consent lapses five years after the date of consent unless work is physically commenced.	Development Consent approved on 30/11/2020 by the Department SINSW Submission of Notification of Commencement, 02/07/2021	Construction had commenced 02/07/2021 occurred within the five years' timeframe required under this condition.	C	All	Throughout	Applies to all stages
Prescribed Conditions							
A6	The Applicant must comply with all relevant prescribed conditions of development consent under Part 6, Division 8A of the EP&A Regulation.	Part 6, Division 8A of the EPAA Site inspection 09/05/24 Completion Certificate 21000290 / 6, MBC Group, 27/01/22 (OC1 – Building A Admin Area Refurb Handover) Completion Certificate 21000290 / 8, MBC Group, 31/01/22 (OC1 – Building V and Nature Play Area Handover) Completion Certificate 21000290 / 9, MBC Group, 31/01/22 (OC1.1 – Building A Admin Area Refurb Handover (STAIRS)) Completion Certificate 21000733 / 10, MBC Group, 8/12/22 - OC1 - Building S and Adjacent Landscaping (completion of SSD Stage 4) Completion Certificate 21000733 / 11, MBC Group, 5/10/22 – OC2 – DDA Ramp Completion Certificate 21000290 / 12, MBC Group, 1/12/22 - CC3 - P1 and P2 including adjacent landscaping area (completion of SSD Stage 5) Completion Certificate 21000289 / 14, MBC Group, 8/02/23 - OC2 – Building K Internal Refurb Handover) Completion Certificate 21000290 / 8, MBC Group, 27/01/22 (Completion Certificate 1 - Building V - Sports court and adjacent landscaping area as per the attached staging plan, excl. carpark and all associated fire services to the carpark) Completion Certificate 21000289 / 11, MBC Group, 27/04/23 (High School Building T and adjacent landscaping)	This condition refers to Part 6, Division 8A of the EP&A Regulation 2000, which has now been superseded by the EP&A Regulation 2021. The former prescribed conditions of the EP&A Regulation 2000 have been superseded by Part 4, Division 2, Subdivision 1 of the EP&A Regulation 2021, and with regards to the Project, primarily relate to compliance with the BCA. The former Part 6, Division 8A of the EPAA relates to prescribed conditions for: - compliance with the BCA (the certifying authority certified that this condition has been complied with). - erection of signs (not relevant) - residential building work (not relevant) - entertainment venues (not relevant) - signage for max number of persons at venues (not relevant for construction) - shoring and adjoining properties (no excavation below the base of adjoining buildings). We note that we consider it the responsibility of the Certifier to verify compliance with this requirement.	C	All	Throughout	Applies to all stages

Access to Information							
A22	<p>At least 48 hours before the commencement of construction until the completion of all works under this consent, or such other time as agreed by the Planning Secretary, the Applicant must:</p> <p>a) make the following information and documents (as they are obtained or approved) publicly available on its website:</p> <ol style="list-style-type: none"> the documents referred to in condition A2 of this consent; all current statutory approvals for the development; all approved strategies, plans and programs required under the conditions of this consent; regular reporting on the environmental performance of the development in accordance with the reporting arrangements in any plans or programs approved under the conditions of this consent; a comprehensive summary of the monitoring results of the development, reported in accordance with the specifications in any conditions of this consent, or any approved plans and programs; a summary of the current stage and progress of the development; contact details to enquire about the development or to make a complaint; complaints register, updated monthly; audit reports prepared as part of any independent audit of the development and the Applicant's response to the recommendations in any audit report; any other matter required by the Planning Secretary; and <p>b) keep such information up to date, to the satisfaction of the Planning Secretary and publicly available for 12 months after the commencement of operations.</p>	<p>Project website:</p> <p>https://www.schoolinfrastructure.nsw.gov.au/projects/c/chatswood-public-school-chatswood-high-school-upgrades.html</p>	<p>The website contains:</p> <ol style="list-style-type: none"> the documents referred to A2 all current statutory approvals for the development (i.e.: this SSD) the stamped plans. The conditions, plans and programs do not require public reporting on environmental performance. The conditions, plans and programs do not require public reporting on environmental monitoring results Project updates re being reported contact details the complaints register current to August 2023 the most recent audit report and response is available. The auditor is not aware of any other matters specified by the Department which require publication <p>The information is up to date.</p>	C	All	Pre-construction + operation	Applies to all stages
Compliance							

Unique ID	Compliance requirement	Evidence collected	Independent Audit findings and recommendations	Compliance Status	Staging as per approved Staging Report		
					Stage	Applicable phase	Staging Justification / comment
A23	The Applicant must ensure that all of its employees, contractors (and their sub-contractors) are made aware of, and are instructed to comply with, the conditions of this consent relevant to activities they carry out in respect of the development.	<p>Operation and Maintenance Manuals, Richard Crookes to SINSW (x9)</p> <p>School Travel Plan reviews by School staff, received 16/09/22</p> <p>Environmental Management Plan, Tetra tech, 05/07/23 (Public school LTEMP)</p> <p>Email, Johnstaff to public School Principal, 01/03/23 (sharing of LTEMP with instructions to implement)</p> <p>Interview with auditees 09/05/24</p>	<p>Note that construction is complete. .</p> <p>The schools and Department of Education Asset and Maintenance Unit are provided with operation and maintenance manuals for the new infrastructure. This is provided to enable the school staff to properly operate and maintain the school facilities after the defects and liability periods are completed.</p> <p>The Public School was provided a copy pf the LTEMP for implementation. The ground staff and facilities supervisors are aware of the capping layer and marker layer. These staff know to notify AMU if the marker layer is exposed.</p> <p>The school has reviewed and commented on the two School Travel Plan, demonstrating that they have been made aware of its requirements.</p> <p>Prestarts are conducted by the school where works are being undertaken. The prestarts are issued to SINSW for review.</p> <p>The school staff are aware of the requirements around the OOHEMP. There have not been any triggering events at the Public School. Refer E1 – E4 regarding events at the High School. .</p>	C	All	Throughout	Applies to all stages
Incident Notification, Reporting and Response							
A24	The Planning Secretary must be notified through the major projects portal immediately after the Applicant becomes aware of an incident. The notification must identify the development (including the development application number and the name of the development if it has one) and set out the location and nature of the incident.	Interview with the auditees 09/05/24	<p>No notifiable incidents have been recorded by the auditees during the audit period.</p> <p>A child fell in a service pit on site and suffered a medical treatment injury. The Auditor is of the view that this does not meet the definition of an incident defined by the consent.</p>	NT	All	Throughout	Applies to all stages
A25	Subsequent notification must be given, and reports submitted in accordance with the requirements set out in Appendix 2.	Interview with auditees 09/05/24	<p>No incidents have been recorded auditee.</p> <p>Refer above.</p>	NT	All	Throughout	Applies to all stages
Non-Compliance Notification							
A26	The Planning Secretary must be notified through the major project's portal within seven days after the Applicant becomes aware of any non-compliance. The Certifier must also notify the Planning Secretary through the major project's portal within seven days after they identify any non-compliance.	Interview with auditees 09/05/24	No non-compliances have been identified by the auditee during the audit period.	NT	All	Throughout	Applies to all stages

Unique ID	Compliance requirement	Evidence collected	Independent Audit findings and recommendations	Compliance Status	Staging as per approved Staging Report		
					Stage	Applicable phase	Staging Justification / comment
A27	The notification must identify the development and the application number for it, set out the condition of consent that the development is non-compliant with, the way in which it does not comply and the reasons for the non-compliance (if known) and what actions have been, or will be, undertaken to address the non-compliance.	Interview with auditees 09/05/24	No non-compliances have been identified by the auditee during the audit period.	NT	All	Throughout	Applies to all stages
A28	A non-compliance which has been notified as an incident does not need to also be notified as a non-compliance.	Interview with auditees 09/05/24	No non-compliances have been identified by the auditee during the audit period.	NT	All	Throughout	Applies to all stages
Revision of Strategies, Plans and Programs							
A29	<p>Within three months of:</p> <ul style="list-style-type: none"> a) the submission of a compliance report under condition A32; b) the submission of an incident report under condition A25; c) the submission of an Independent Audit under condition C41 or C42; d) the approval of any modification of the conditions of this consent; or e) the issue of a direction of the Planning Secretary under condition A2 which requires a review, <p>the strategies, plans and programs required under this consent must be reviewed, and the Planning Secretary and the Certifier must be notified in writing that a review is being carried out</p>	<p>DPHI post approval portal lodgement, 03/11/24 (submission of Independent Audit Report No 5 and response, and notification of review in accordance with A29)</p> <p>Completion Certificate 21000289 / 20, MBC Group, 29/11/23 (High School Stage 12 Landscaping)</p> <p>Completion Certificate 21000289 / 21, MBC Group, 29/11/23 (High School Stage 13 Final High School OC))</p>	<p>There was only one triggering event during the audit period, being the submission of the fifth Independent Audit Report. The submission included a notification of review. The auditees advise that no updates were required as a result of the review.</p> <p>Review of plans formed part of preparation of the Crown Certificates, which were applied for by RCC and issued to the Certifier for approval. The issue of the Crown Certificates (with stamped plans) in indicates that the Certifier was made aware of the review and endorsed the documents.</p>	C	All	Throughout	Applies to all stages
A30	<p>If necessary to either improve the environmental performance of the development, cater for a modification or comply with a direction, the strategies, plans, programs or drawings required under this consent must be revised, to the satisfaction of the Planning Secretary and Certifier (where previously approved by the Certifier). Where revisions are required, the revised document must be submitted to the Planning Secretary and Certifier for approval and information (where relevant) within six weeks of the review.</p> <p><i>Note: This is to ensure strategies, plans and programs are updated on a regular basis and to incorporate any recommended measures to improve the environmental performance of the development.</i></p>	<p>DPHI post approval portal lodgement, 03/11/24 (submission of Independent Audit Report No 5 and response, and notification of review in accordance with A29)</p> <p>Completion Certificate 21000289 / 20, MBC Group, 29/11/23 (High School Stage 12 Landscaping)</p> <p>Completion Certificate 21000289 / 21, MBC Group, 29/11/23 (High School Stage 13 Final High School OC))</p>	<p>There was only one triggering event during the audit period, being the submission of the fifth Independent Audit Report. The submission included a notification of review. The auditees advise that no updates were required as a result of the review.</p>	NT	All	Throughout	Applies to all stages
Compliance Reporting							
A31	Compliance Reports of the project must be carried out in accordance with the Compliance Reporting Post Approval Requirements.	<p>https://www.planning.nsw.gov.au/Assess-and-Regulate/About-compliance/Inspections-and-enforcements/Compliance-reporting-post-approval-requirements</p> <p>https://www.planning.nsw.gov.au/sites/default/files/2023-02/compliance-reporting-par-fact-sheet-202005.pdf</p>	<p>Observation from the fifth audit: The Compliance Reporting Post Approval Requirements requires Compliance Reports to be prepared within 52 weeks of commencement of operations.</p> <p>The first stage of operations commenced in April 2022 (refer D1) but this pertained to ramps and stairs only.</p>	NT	All	Operation	Applies to all stages

Unique ID	Compliance requirement	Evidence collected	Independent Audit findings and recommendations	Compliance Status	Staging as per approved Staging Report		
					Stage	Applicable phase	Staging Justification / comment
		https://www.planning.nsw.gov.au/sites/default/files/2023-02/independent-audit-par-fact-sheet-202005.pdf	As per information provided by the auditees, the commencement of use for the first teaching buildings (Building S, P1 and P2) began in December 2022, while the remaining teaching spaces such as Building T, became operational on 24 April 2023, Building Q on 22 May 2023 and Building G on 31 May 2023. Consequently, the auditee considered that the Chatswood Education Precinct's operations commenced on 31 May 2023, which marks the date when the last building was handed over. Therefore, the first Compliance Report is expected to be completed before 31 May 2024. No Compliance Reports have been prepared to date.				
A32	Compliance Reports must be submitted to the Department in accordance with the timeframes set out in the Compliance Reporting Post Approval Requirements, unless otherwise agreed by the Planning Secretary.	https://www.planning.nsw.gov.au/Assess-and-Regulate/About-compliance/Inspections-and-enforcements/Compliance-reporting-post-approval-requirements	Compliance Reports have not been prepared. 					Stage	Applicable phase	Staging Justification / comment
	ii. have written confirmation from the relevant authority that there is no adverse structural damage to their infrastructure and roads. c) to be forwarded to Council for information.	Completion Certificate 21000289 / 21, MBC Group, 29/11/23 (High School Stage 13 Final High School OC))					post-construction dilapidation report can be of most benefit when comparing against the pre-construction dilapidation report
Protection of Public Infrastructure							
D13	Unless the Applicant and the applicable authority agree otherwise, the Applicant must: a) repair, or pay the full costs associated with repairing, any public infrastructure that is damaged by carrying out the development; and b) relocate, or pay the full costs associated with relocating any infrastructure that needs to be relocated as a result of the development. <i>Note: This condition does not apply to any damage to roads caused as a result of general road usage.</i>	Email RCC to MBC, 17/11/22 (submission of D1, D2, D3, D4, D5, D6, D7, D8, D9, D10, D11 (NA for stage 4), D13 for Stage 4) Email RCC to MBC, 17/11/22 (submission of D1, D2, D3, D4, D5, D6, D7, D8, D9, D10, D11, D13 for Stage 5) Letter RCC to Certifier, 22/03/23 (RCC statement of no damage to third party infrastructure / property for Building G) Letter RCC to Certifier, 22/03/23 (RCC statement of no damage to third party infrastructure / property for Building T) Letter RCC to Certifier, 12/10/22 (RCC statement of no damage to third party infrastructure / property for Building Q) Letter RCC to Certifier, 30/06/23, 12/10/23, 10/11/23 (RCC statements of no damage to third party infrastructure / property for external landscaping)	Refer to D12 with regards to damage to Council assets. No other damage identified by the auditees.	NT	All	Throughout	Applies to all construction
Road Damage							
D14	Prior to the commencement of operation, the cost of repairing any damage caused to Council or other Public Authority's assets in the vicinity of the Subject Site as a result of construction works associated with the approved development must be met in full by the Applicant.	Post Construction Dilapidation Report, 04/12/23, Project Surveyors Email RCC to Council, 05/12/23 (submission of dilap report to Council) Invoice Council to RCC, 08/04/24 (charge for road rectification works and associated BPAY records 09/04/24).	A dilapidation report has been prepared and issued to the Certifier and Council. Some damage was identified Council has been paid to complete repairs to adjacent road (Jenkins Street, with small sections on Centennial Avenue and Devillers Avenue). The Council has yet to complete the works.	C	13	Note	To be satisfied prior to completion of Stage 13, as these are the last works associated with the development. Not applicable to Stages 1-12 so that condition intent

Unique ID	Compliance requirement	Evidence collected	Independent Audit findings and recommendations	Compliance Status	Staging as per approved Staging Report		
					Stage	Applicable phase	Staging Justification / comment
							is of most benefit to Council or relevant Public Authorities. Will apply to all damage sustained throughout development
Protection of Property							
D15	Unless the Applicant and the applicable owner agree otherwise, the Applicant must repair, or pay the full costs associated with repairing any property that is damaged by carrying out the development.	Letter DPHI – SINSW re: Approval of Staging Report Version 17, DPHI Ref SSD-9483-PA-83 Staging Report Version 17 dated 15/12/23	Not triggered for the current stage.	NT	13	Note	To be satisfied prior to completion of Stage 13, as these are the last works associated with the development. Not applicable to Stages 1-12 so that condition intent is of most benefit to property owners
Road Upgrade Works							
D16	Prior to the commencement of operation (unless otherwise agreed by the Planning Secretary), the installation of roundabout(s) or other road upgrade works (if any) required by condition C28 must be completed to Council's requirements. <i>Note: All works associated with the installation of roundabout(s) shall be at no cost Council.</i>	Letter DPHI – SINSW re: Approval of Staging Report Version 17, DPHI Ref SSD-9483-PA-83 Staging Report Version 17 dated 15/12/23 Letter DPHI to SINSW, 24/01/24 (approval of School Travel Plan, and extension for road upgrade works)	The Department approved the undertaking of the road upgrade works until June 2025 Not triggered for the current stage.	NT	13	Note	To be satisfied prior to completion of Stage 14, as these are the last works associated with the development. Not applicable to Stages 1-12 as timeframe to meet Council's requirements requires that these works are handed

	<p>and the requirement for travel surveys to identify travel behaviours of users of the development.</p> <p>c) include operational transport access management arrangements, including:</p> <ul style="list-style-type: none"> i. detailed pedestrian analysis including the identification of safe route options to identify the need for management measures such as staggered school start and finish times to ensure students and staff are able to access and leave the Site in a safe and efficient manner during school start and finish; ii. the location of all car parking spaces on the school campuses and their allocation i.e. staff, visitor, accessible, emergency, etc.); iii. the location and operational management procedures of the drop-off and pick-up parking, including staff management/traffic controller arrangements; iv. the location and operational management procedures for the drop-off and pick-up of students by buses and coaches including staff management/traffic controller arrangements; v. delivery and services vehicle and bus access and management arrangements; vi. management of approved access arrangements; vii. potential traffic impacts on surrounding road networks and mitigation measures to minimise impacts, including measures to mitigate queuing impacts associated with vehicles accessing drop-off and pick-up zones; viii. car parking arrangements and management associated with the proposed use of school facilities by community members; and <p>d) measures to promote and support the implementation of the plan, including financial and human resource requirements, roles and responsibilities for relevant employees involved in the implementation of the plan; and</p> <p>e) a monitoring and review program.</p>						Travel Plan is able to be implemented. School Capacity will not increase prior to hand over of the final stage
Utilities and Services							
D19	Prior to commencement of operation, the Applicant must obtain a Compliance Certificate for water and sewerage infrastructure servicing of the site under section 73 of the Sydney Water Act 1994	<p>Chatswood Public School, Section 73 Certificate, 08/05/23</p> <p>Chatswood Public School, Section 73 Certificate, 25/06/21</p>	Section 73 Compliance Certificates has been obtained for both the High and Public Schools.	C	13	Note	To be satisfied prior to completion of Stage 13, and operation of entire development, as these are the last works associated with

Unique ID	Compliance requirement	Evidence collected	Independent Audit findings and recommendations	Compliance Status	Staging as per approved Staging Report		
					Stage	Applicable phase	Staging Justification / comment
							the development. Not applicable to Stages 1-12 as Sydney Water will not provide S73 certificate until all works under the S73 NoR are completed. This will not be achievable until all works are completed.
Stormwater Operation and Maintenance Plan							
D20	Prior to the commencement of operation, a Stormwater Operation and Maintenance Plan (SOMP) is to be submitted to the Certifier along with evidence of compliance with the SOMP. The SOMP must ensure the proposed stormwater quality measures remain effective and contain the following: a) maintenance schedule of all stormwater quality treatment devices; b) record and reporting details; c) relevant contact information; and d) Work Health and Safety requirements.	Compliance Certificate, SCP, 01/11/23 (compliance statement for the SOMP) SOMP, SCP, 01/11/23 Email RCC to Certifier, 01/11/23 (submission of SOMP and compliance statement to Certifier), and response on 08/11/23 (Certifier acceptance)	We consider it the role of the Certifier to verify compliance with this requirement. The SOMP and compliance statement was prepared and submitted to the Certifier. The Certifier verified acceptance.	C	13	Pre-operation	To be satisfied prior to completion of Stage 13, and operation of entire development. Not applicable to Stages 1-12 as the installation of the entire Stormwater system will not be finalized until this point in time.
Signage							
D21	Prior to the commencement of operation, way-finding signage and signage identifying the location of staff car parking must be installed.	Installation Certificate, 10/07/23 PC Signage Completion Certificate 21000290 / 15, MBC Group, 19/07/23 (Public School Building V car park and landscaping)	We consider it the role of the Certifier to verify compliance with this requirement. This was completed as part of Stage 9 and was verified as compliant by the Certifier through issue of the Crown Certificate.	C	9	Pre-operation	To be satisfied prior to completion of Stage 9 when staff carpark is handed over. Not applicable to Stages 1, 2, 3, 4, 5, 6, 7, 8, 10, 11, 12 and 13.

Unique ID	Compliance requirement	Evidence collected	Independent Audit findings and recommendations	Compliance Status	Staging as per approved Staging Report		
					Stage	Applicable phase	Staging Justification / comment
D22	Prior to the commencement of operation, bicycle way-finding signage must be installed within the site to direct cyclists from footpaths to designated bicycle parking areas	Installation Certificate 27/10/23 PC signage Completion Certificate 21000289 / 17, MBC Group, 30/08/23 (High School OC6 'Slope' landscaping)	We consider it the role of the Certifier to verify compliance with this requirement. The auditees provided an installation certificate for bike wayfinding signage. This was verified by the Certifier through issue of the Crown Certificate.	C	11	Pre-operation	To be satisfied prior to completion of Stage 11 when all bicycle parking is complete. Not applicable to Stages 1-10 as the installation of bicycle parking will not be finalized until this stage.
Operational Waste Management Plan							
D23	Prior to the commencement of operation, the Applicant must prepare a Waste Management Plan for the development and submit it to the Certifier. The Waste Management Plan must: <ul style="list-style-type: none"> a) detail the type and quantity of waste to be generated during operation of the development; b) describe the handling, storage and disposal of all waste streams generated on site, consistent with the Protection of the Environment Operations Act 1997, Protection of the Environment Operations (Waste) Regulation 2014 and the Waste Classification Guideline (Department of Environment, Climate Change and Water, 2009); c) detail the materials to be reused or recycled, either on or off site; and d) include the Management and Mitigation Measures included in Appendix 30 of the EIS. 	Operational Waste Management Plan, Foresight, 09/12/21 Crown Completion Certificate 21000290 / 8, MBC Group, 27/01/222 (Completion Certificate 1 - Building V - Sports court and adjacent landscaping area as per the attached staging plan, excl. carpark and all associated fire services to the carpark)	The Operational Waste Management Plan meets the requirement so a) – d) of this condition. The Plan was accepted by the Certifier in the Crown Certificate.	C	1	Pre-operation	To be satisfied prior to operation of first operational area (Stage 1) and be applicable for all operational stages
Site Contamination							
D24	Prior to the commencement of operation, the Applicant must submit a Section A1 Site Audit Statement, or a Section A2 Site Audit Statement accompanied by an Environmental Management Plan prepared by an NSW EPA accredited Site Auditor. The Section A1 or A2 Site Audit Statement must verify the relevant part of the site is suitable for the intended land use and be provided, along with any Environmental Management Plan to the Planning Secretary and the Certifier.	Interview with auditees 09/05/24 Previous evidence still applicable: Remedial Action Plan (Ref: 55579/127236, Rev 0) prepared by JPS&G and dated 20 February 2020 (RAP) Chatswood Public School Redevelopment Remediation Works Plan, Coffey Tetra Tech, 11/02/21 (RWP) Interim audit advice letter - building v sports Court, Ramboll, 31/01/22	Updated validation report/ interim advice to be received in the next month not covered under this audit. The RAP identifies a management approach of investigation, retention and stabilization and off-site disposal, with sampling, monitoring and reporting. The RWP was prepared to facilitate the implementation of the RAP on site. The RWP is consistent with the RAP.	C	13	Pre-operation	Interim audit advice will be provided prior to the commencement of occupation of stages 1-12 as per condition C38. D24 will be satisfied prior to completion

Environmental Management Plan							
E8	Upon completion of remediation works, the Applicant must manage the site in accordance with the Environmental Management Plan approved by the Site Auditor under condition D24 and any on-going maintenance of remediation notice issued by EPA under the Contaminated Land Management Act 1997.	<p>Interim audit advice letter - building v sports Court, Ramboll, 31/01/22</p> <p>Interim Audit advice letter –Stage 4 central landscape area , 22/06/22, Ramboll</p> <p>Interim Audit advice letter –Stage 5 building P1 and P2, 25/11/22, Ramboll</p> <p>Interim Audit advice letter –Stage 4 building validation report and environmental management plan, 01/02/23, Ramboll</p> <p>Interim Audit advice letter –Stage 5 Building T, 27/04/23, Ramboll</p> <p>Interim Audit advice letter –Stage 5 Building Q, 19/05/23, Ramboll</p> <p>Interim Audit advice letter – Central Courtyard High School, 09/06/23, Ramboll</p> <p>Interim Audit advice letter – Stage 10 landscaping (the slop) Chatswood High School, 31/08/23, Ramboll</p> <p>Interim Audit advice letter – Building G Public School, 05/05/23, Ramboll</p> <p>Section A2 SAS and SAR, Ramboll, 13/07/23 (Chatswood Public School SAS and SAR)</p> <p>Chatswood Public School Redevelopment Environmental Management Plan, Tetra tech, 05/07/23 (Public school LTEMP)</p>	<p>The LTEMP in effect states that the marker layer is to be maintained and that specific controls are to be implemented should the marker layer be disrupted. The auditees are not aware of any activities that are likely to have breached the marker layer.</p> <p>Observation: The LTEMP specifies that for existing landscaped areas, not subject to remediation/excavation (such as the area outside K Block) the design is that a marker layer would be placed over the existing ground with a 100mm thick mulch cover. It was observed during the audit site inspection that the marker layer established through the remediation of the High School is exposed outside of K Block due to recent heavy rain. The school staff indicated that heavy rain washed the mulch layer off, exposing the marker layer, and that mulch needs be pulled back or re-applied. The Auditor is of the that whilst the minimum requirement from the LTEMP has been met, this arrangement whereby school staff need to manage the mulch cover after heavy rain is not optimal.</p>	C	All	Occupation	Applicable to all stages post completion of Stage 8.
Operational Noise Limits							
E9	The Applicant must ensure that noise generated by operation of the development does not exceed the noise limits contained in the Acoustic Assessment Report (Ref: 6698-1.1R Rev A) dated, 10 March 2020 and prepared by Day Design	<p>Letter DPHI – SINSW re: Approval of Staging Report Version 17, DPHI Ref SSD-9483-PA-83</p> <p>Staging Report Version 17 dated 15/12/23</p> <p>Post Occupation Acoustic Survey Report, 07/02/24, Pulse White Noise.</p>	The Operational Noise Assessment confirmed that the noise was consistent with that predicted in the Day Design technical report in the EIS. The document was submitted to the Department. The Department requested (verbally) the Report be updated to clearly identify that it was a Report (not a memo). This was completed on 08/02/24	C	All	Occupation	Applicable to all stages

Unique ID	Compliance requirement	Evidence collected	Independent Audit findings and recommendations	Compliance Status	Staging as per approved Staging Report		
					Stage	Applicable phase	Staging Justification / comment
		Post approval portal lodgement, 29/01/24 (submission of the Operational Noise Assessment) and 08/02/24 (submission of revised Operational Noise Assessment)					
E10	The Applicant must undertake short term noise monitoring in accordance with the Noise Policy for Industry where valid data is collected following the commencement of use of each stage of the development. The monitoring program must be carried out by an appropriately qualified person and a monitoring report must be submitted to the Planning Secretary within two months of commencement use of each stage of the development or other timeframe agreed to by the Planning Secretary to verify that operational noise levels do not exceed the recommended noise levels for mechanical plant identified in the Acoustic Assessment Report (Ref: 6698-1.1R Rev A), dated 10 March 2020 and prepared by Day Design. Should the noise monitoring program identify any exceedance of the recommended noise levels referred to above, the Applicant is required to implement appropriate noise attenuation measures so that operational noise levels do not exceed the recommended noise levels or provide attenuation measures at the affected noise sensitive receivers.	Letter DPHI – SINISW re: Approval of Staging Report Version 17, DPHI Ref SSD-9483-PA-83 Staging Report Version 17 dated 15/12/23 Post Occupation Acoustic Survey Report, 07/02/24, Pulse White Noise. Post approval portal lodgement, 29/01/24 (submission of the Operational Noise Assessment) and 08/02/24 (submission of revised Operational Noise Assessment)	The Operational Noise Assessment confirmed that the noise was consistent with that predicted in the Day Design technical report in the EIS. The document was submitted to the Department. The Department requested (verbally) the Report be updated to clearly identify that it was a Report (not a memo). This was completed on 08/02/24	C	13	Occupation	To be satisfied post-occupation of Stage 13, which is the entire development. This is to ensure that monitoring is assessing the entire development works.
Unobstructed Driveways and Parking Areas							
E11	All driveways, footways and parking areas must be unobstructed at all times. Driveways, footways and car spaces must not be used for the manufacture, storage or display of goods, materials, refuse, skips or any other equipment and must be used solely for vehicular and/or pedestrian access and for the parking of vehicles associated with the use of the premises.	Site inspection 09/05/24 Complaints register current to 30/04/24 Letter Council to Dept of Education, 14/08/23 (Council reinstatement of school drop off zone following removal of Centennial Avenue work zone).	No obstructions observed. Council recently reinstated the school drop off zone on Centennial Avenue after its use as a work zone. The work zone maintained access. There have been two traffic and access related complaints. The auditees advise that one related to a traffic incident (minor collision) some ways from the site (i.e.: in an area not influenced by the Project and therefore just a standard small collision). The second complaint relates to someone that disobeyed a traffic controller. These complaints do not indicate a contravention of this requirement.	C	All	Occupation	Applicable to all stages
Pacific Highway operational vehicular entrance							
E12	During operation of the development, the Pacific Highway vehicular entrance must: a) only be used by ambulance vehicles and service / delivery vehicles which are not larger than an ambulance vehicle; and b) only be used by service / delivery vehicles outside of school hours.	Site inspection 09/05/24 Interview with auditees 09/05/24	The auditees are aware of this requirement and are not aware of any use of this facility for any other purposes. The gates are locked as standard.	C	All	Occupation	Applicable to all stages
Vehicle Ingress and Egress							

Unique ID	Compliance requirement	Evidence collected	Independent Audit findings and recommendations	Compliance Status	Staging as per approved Staging Report		
					Stage	Applicable phase	Staging Justification / comment
E13	All vehicles are to enter and leave the site in a forward direction.	Site inspection 09/05/24 Complaints register current 31/08/23	The operational carparks are such that forward in and forward out is easy to follow (sufficient turning space). The auditees are not aware of any reversing events. No complaints regarding this requirement recorded during the audit period.	C	All	Occupation	Applicable to all stages
E14	All vehicles must be wholly contained on site before being required to stop. Any gates must be located so as to allow the largest vehicle to be wholly within the site before stopping.	Site inspection 09/05/24 Complaints register current 31/08/23	The operational carparks are such that vehicles can be entirely contained in the site. The auditees are not aware of any stopping / marshalling. Public parking is not permitted (spaces are allocated for staff). No complaints regarding this requirement recorded during the audit period.	C	All	Occupation	Applicable to all stages
School Transport Plan							
E15	The School Transport Plan required by condition D18 of this consent must be updated annually and implemented unless otherwise agreed by the Planning Secretary.	Letter DPHI – SINSW re: Approval of Staging Report Version 17, DPHI Ref SSD-9483-PA-83 Staging Report Version 17 dated 15/12/23 Chatswood High School Travel Plan, TTPP, 18/12/23 Letter DPHI to SINSW, 24/01/24 (approval of School Travel Plan, and extension for road upgrade works) Term 1 Report for Chatswood Public School, Stantec, 18/04/24 (evidence of engagement of School travel Coordinator and completion of first round of surveys)	The School Travel Plan was prepared and approved in January 2024. The annual review trigger has yet to occur. The School Travel Coordinator has been engaged to run the School Travel Plan (rather than school staff). The School Staff are aware of the engagements and surveys etc being run by the Travel Coordinator. The Schools noted the challenges posed by the pedestrian lighting being too short. The Travel Coordinator is intending to engage with TfNSW once the school surveys are complete and reported back to SINSW and the schools. The High School is having its next survey conducted week commencing 13/05/24.	C	13	Occupation	Applicable at the completion of Stage 13 once handover of majority of facilities including all bicycle parking is completed.
Ecologically Sustainable Development							
E16	Unless otherwise agreed by the Planning Secretary, within six months of commencement of operation, Green Star certification must be obtained demonstrating the development achieves a minimum 4 star Green Star Design & As Built rating. If required to be obtained, evidence of the certification must be provided to the Certifier and the Planning Secretary. If an alternative certification process has been agreed to by the Planning Secretary under condition B15, evidence of compliance of implementation must be provided to the Planning Secretary and Certifier.	Letter DPHI – SINSW re: Approval of Staging Report Version 17, DPHI Ref SSD-9483-PA-83 Staging Report Version 17 dated 15/12/23 Greenstar Status tracker, 12/02/24, RCC	This requirement is due after completion of Stage 14. The Project team is tracking how each ESD requirement to ensure 4-stars is achievable.	NT	13	Occupation	Will be satisfied within six months of commencement of operation of Stage 14 (final operation).
Outdoor Lighting							

Unique ID	Compliance requirement	Evidence collected	Independent Audit findings and recommendations	Compliance Status	Staging as per approved Staging Report		
					Stage	Applicable phase	Staging Justification / comment
E17	Notwithstanding condition D6, should outdoor lighting result in any residual impacts on the amenity of surrounding sensitive receivers, the Applicant must provide mitigation measures in consultation with affected landowners to reduce the impacts to an acceptable level.	<p>Completion Certificate No: 21000290/11 dated 10/05/22 issued by MCB Group</p> <p>Installation Certificate - Electrical & External Lighting prepared by Pro Electrical dated 05 May 22</p> <p>Electrical Installation Certificate, Pro Electrical Services, 17/11/21</p> <p>Crown Completion Certificate 21000290 / 8, MBC Group, 27/01/222 (Completion Certificate 1 - Building V - Sports court and adjacent landscaping area as per the attached staging plan, excl. carpark and all associated fire services to the carpark)</p> <p>Email RCC to MBC, 17/11/22 (submission of D1, D2, D3, D4, D5, D6, D7, D8, D9, D10, D11 (NA for stage 4), D13 for Stage 4)</p> <p>Email RCC to MBC, 17/11/22 (submission of D1, D2, D3, D4, D5, D6, D7, D8, D9, D10, D11, D13 for Stage 5)</p> <p>Installation Certificate, Building G, 20/03/23, Pro Electrical</p> <p>Installation Certificate, Building T, 20/03/23, Pro Electrical</p> <p>Installation Certificate, Building Q, 20/03/23, Pro Electrical</p> <p>Completion Certificate 21000289 / 11, MBC Group, 27/04/23 (High School Building T and adjacent landscaping)</p> <p>Completion Certificate 21000289 / 12, MBC Group, 19/05/23 (High School Building Q and adjacent landscaping)</p> <p>Completion Certificate 21000290 / 13, MBC Group, 04/05/23 (Public School Building G and adjacent landscaping)</p> <p>Complaints register current to 30/04/24</p>	<p>Lighting design was confirmed as compliant by the service provider. This was affirmed by the Certifier through issue of the Completion Certificate and Crown Certificate for each stage.</p> <p>There have been no complaints regarding light spill during the audit period.</p>	C	All	Occupation	Applicable to all stages
Landscaping							
E18	The Applicant must maintain the landscaping and vegetation on the site in accordance with the approved Landscape Management Plan required by condition D25 for the duration of occupation of the development	<p>Operational Landscape Management Plan, Landscape Solutions, 25/10/23</p> <p>Email RCC to Certifier, 31/10/23 (submission of Operational Landscape Management Plan to Certifier</p> <p>Site inspection 09/05/24</p>	The landscaping plan has been prepared and issued to the school. The landscaping has only recently been installed and the works are still within the defects and liability period (i.e.: Contractor to do repairs if required). The landscaping looked of a high quality and consistent with the Plan.	C	All	Occupation	Applicable to all stages
Hours of Operation for Waste Collection							

Unique ID	Compliance requirement	Evidence collected	Independent Audit findings and recommendations	Compliance Status	Staging as per approved Staging Report		
					Stage	Applicable phase	Staging Justification / comment
E19	Waste collection must be undertaken during the hours of 7:30am to 6pm Monday to Friday.	<p>Operational Waste Management Plan, Foresight, 09/12/21</p> <p>Crown Completion Certificate 21000290 / 8, MBC Group, 27/01/222 (Completion Certificate 1 - Building V - Sports court and adjacent landscaping area as per the attached staging plan, excl. carpark and all associated fire services to the carpark)</p> <p>Email chain, Dept of Education to Johnstaff, 27/09/23</p> <p>Email chain, Veolia to Dept of Education, 03/08/23</p>	<p>Observation from the fifth audit: The Auditor notes that operational waste collection is occurring from waste collection areas that were in place at both schools prior to the Project being constructed (i.e.: from the locations that do not form part of the SSD). The new waste collection areas that form part of the SSD have been constructed but have not been put into use at the time of the audit.</p> <p>The Auditor observes that two separate email chains indicate that waste collection under pre-existing arrangements is occurring outside the hours permitted by this condition.</p> <p>According to an email from Veolia to the Department of Education, waste collection from the High School operates as follows:</p> <p>Monday - Takes place on a Sunday afternoon</p> <p>Tuesday - Takes place on Monday afternoon</p> <p>Wednesday - takes place on Tuesday afternoon</p> <p>Thursday - takes place on Wednesday afternoon</p> <p>Friday - takes place on a Thursday afternoon</p> <p>According to an email from the Department of Education to Johnstaff, waste collection from the Public School occurs at approximately 04:30am each morning. The Auditor notes that waste collection is still occurring under the contracts, and from waste collection areas, that were in place at both schools prior to the Project being constructed. However the new waste collection areas have been constructed and the Staging Report identifies this requirement as being triggered for all operational stages.</p> <p>On 10/04/24 Veolia provided a written statement that waste collection is occurring within the hours specified by this condition.</p>	C	All	Occupation	Applicable to all stages

APPENDIX B – PLANNING SECRETARY AGREEMENT OF INDEPENDENT AUDITORS

Mr Patrick Mills
School Infrastructure NSW
SUITE 9 259
GEORGE STREET
SYDNEY New South Wales 2000

06/09/2022

Dear Patrick Mills

Chatswood Education Precinct - Independent Auditor Nomination (update) (SSD-9483)
Independent Auditor Nomination (update)

I refer to your request (SSD-9483-PA-46) for the Secretary's approval of suitably qualified persons to prepare the **Independent Auditor Nomination (update)** for the Chatswood Education Precinct - Independent Auditor Nomination (update) (SSD-9483).

The Department of Planning and Environment (the **Department**) has reviewed the nominations and information you have provided and is satisfied that these experts are suitably qualified and experienced. Consequently, I can advise that the Secretary approves the appointment of the below experts to prepare the Independent Environmental Audit.

In accordance with Condition C40 of SSD-9483 (the **Consent**) and the Independent Audit Post Approval Requirements, the Secretary has agreed to the following updated audit team:

- Derek Low; and
- Annabelle Tungol.

Please ensure this correspondence is appended to the Independent Audit Report.

The Independent Audit must be prepared, undertaken and finalised in accordance with the Independent Audit Post Approval Requirements. Failure to meet these requirements will require revision and resubmission.

The Department reserves the right to request an alternate auditor or audit team for future audits. Please note that this approval of the above audit team is conditional upon them maintaining certification as a lead or principal auditor with a relevant industry body.

Notwithstanding the agreement for the above listed audit team for this Project, each respective project approval or consent requires a request for the agreement to the auditor or audit team be submitted to the

Department of Planning and Environment

Department, for consideration of the Secretary. Each request is reviewed and depending on the complexity of future projects, the suitability of a proposed auditor or audit team will be considered.

Should you wish to discuss the matter further, please contact Damien Smith on 02 9995 6289 or compliance@planning.nsw.gov.au

Yours sincerely

A handwritten signature in black ink, appearing to read "R. Sherry", with a large circular flourish at the end.

Rob Sherry
Team Leader Compliance - Government Projects
Compliance

As nominee of the Planning Secretary

APPENDIX C – CONSULTATION RECORDS

Subject: Chatswood Education Precinct - SSD 9483 - Independent Audit No. 6

You don't often get email from nicholas.kumar@dpie.nsw.gov.au. [Learn why this is important](#)

Hi Derek,

Thank you for the below email regarding the sixth independent audit for the Chatswood Education Precinct SSD-9483 (the Consent).

The Department does not require any additional issues for inclusion within the scope of the Audit that are not already captured by the Consent, and the Department's Independent Audit Post Approval Requirements (May 2020).

If you have any questions or concerns regarding the above, please feel free to contact me.

Kind Regards,
Nick

Nicholas Kumar
Senior Compliance Officer – Government Projects
NSW Planning | Department of Planning, Housing and Infrastructure

The Department of Planning, Housing and Infrastructure acknowledges the traditional custodians of the land and pay respects to Elders past and present. I also acknowledge all the Aboriginal and Torres Strait Islander staff working with NSW Government at this time.

Subject: Chatswood Education Precinct - SSD 9483 - Independent Audit No. 6

Hi there.

I am one of the Department of Planning and Environment (the Department) approved Independent Auditors on the Chatswood Education Precinct - SSD 9483 (the Project).

I am currently preparing to undertake the sixth independent audit on the Project. The audit is required to be conducted in accordance with SSD 9483 Sch2 Condition C41 and the Department's 2020 *Independent Audits Post Approval Requirements* (or IAPAR).

The consent is available at the following link: <https://www.planningportal.nsw.gov.au/major-projects/project/10561>
The IAPAR is available at the following link: <https://www.planning.nsw.gov.au/-/media/Files/DPE/Other/Assess-and-regulate/About-Compliance/independent-audit-post-approval-requirements-2020-05-19.pdf>

The audit is currently scheduled to occur on 9 May 2024 (with preparation of the audit report occurring thereafter) and pertains to post-approval requirements and compliance.

In accordance with Section 3.2 of the IAPAR, I am consulting with the Department on the scope of the audit and for confirmation as to whether other parties or agencies are to be consulted.

As you will see the required scope (outlined in Section 3.3 of the IAPAR) already covers an assessment of each relevant Condition of Consent along with all post approval documents prepared to satisfy the Conditions of Consent, including an assessment of the implementation of Environmental Management Plans and Sub-plans, complaints, incidents and so forth. These are included in the audit scope for this Project.

In providing input to the scope, I kindly request Department confirm:

- if it any key issues it would like examined, relating to post-approval requirements and compliance that are not already called up by the scope in Section 3.3 of the IAPAR; or
- if it recommends that other parties or agencies are to be consulted. If so I request that the Department identify those parties.

Any questions please let me know. I look forward to hearing from you.

Regards

Derek Low | Principal

Executive Director - Infrastructure & Environmental Assurance

At WolfPeak, we live by our values and are committed to building a better future by enabling prosperity, environmental protection and positive stakeholder outcomes. In doing so, we acknowledge the Traditional Owners of Country and all Aboriginal and Torres Strait Islander people with whom we collaborate with, and respect their continuous connection to the land, waters and community. We commit to amplifying their voices in all aspects of our business and recognise their continued custodianship over the lands that have built modern Australia.

APPENDIX E – AUDITOR DECLARATIONS

Project Name:	Chatswood Education Precinct
Consent Number:	SSD 9483
Description of Project:	Redevelopment of Chatswood Public School and Chatswood High School comprising demolition of selected buildings and construction of new buildings, refurbishment of existing buildings, changes to vehicular access and car parking, tree removal, landscaping, earthworks and site remediation.
Project Address:	5 Centennial Avenue and 24 Centennial Avenue, Chatswood Lot 1 DP 812207, Lot 2 DP 812207, Lot C DP 346499, Lot 1 DP 725204, Lots 20-23, Section 6 in DP 2273, Lots 18-21, Section 7 DP 2273, Lots 16-20, Section 8, DP 2271
Proponent:	NSW Department of Education
Title of Audit	Independent Audit No. 6
Date:	23/05/24

I declare that I have undertaken the Independent Audit and prepared the contents of the attached Independent Audit Report and to the best of my knowledge:

- the audit has been undertaken in accordance with relevant condition(s) of consent and the *Independent Audit Post Approval Requirements (Department 2020)*;
- the findings of the audit are reported truthfully, accurately and completely;
- I have exercised due diligence and professional judgement in conducting the audit;
- I have acted professionally, objectively and in an unbiased manner;
- I am not related to any proponent, owner or operator of the project neither as an employer, business partner, employee, or by sharing a common employer, having a contractual arrangement outside the audit, or by relationship as spouse, partner, sibling, parent, or child;
- I do not have any pecuniary interest in the audited project, including where there is a reasonable likelihood or expectation of financial gain or loss to me or spouse, partner, sibling, parent, or child;
- neither I nor my employer have provided consultancy services for the audited project that were subject to this audit except as otherwise declared to the Department prior to the audit; and
- I have not accepted, nor intend to accept any inducement, commission, gift or any other benefit (apart from payment for auditing services) from any proponent, owner or operator of the project, their employees or any interested party. I have not knowingly allowed, nor intend to allow my colleagues to do so.

Notes:

- Under section 10.6 of the *Environmental Planning and Assessment Act 1979* a person must not include false or misleading information (or provide information for inclusion in) in a report of monitoring data or an audit report produced to the Minister in connection with an audit if the person knows that the information is false or misleading in a material respect. The proponent of an approved project must not fail to include information in (or provide information for inclusion in) a report of monitoring data or an audit report produced to the Minister in connection with an audit if the person knows that the information is materially relevant to the monitoring or audit. The maximum penalty is, in the case of a corporation, \$1 million and for an individual, \$250,000; and
- The *Crimes Act 1900* contains other offences relating to false and misleading information: section 307B (giving false or misleading information – maximum penalty 2 years imprisonment or 200 penalty units, or both)
