

Upgrades to Chatswood High School

Works notification

August 2021

Dear Community,

We are upgrading Chatswood Public School and Chatswood High School with new and improved education facilities to support the student community.

Tower crane removal

The tower crane located on the Chatswood High School Building R construction site will be removed on Saturday 14 August 2021 between 7am and 5pm, weather permitting (see map).

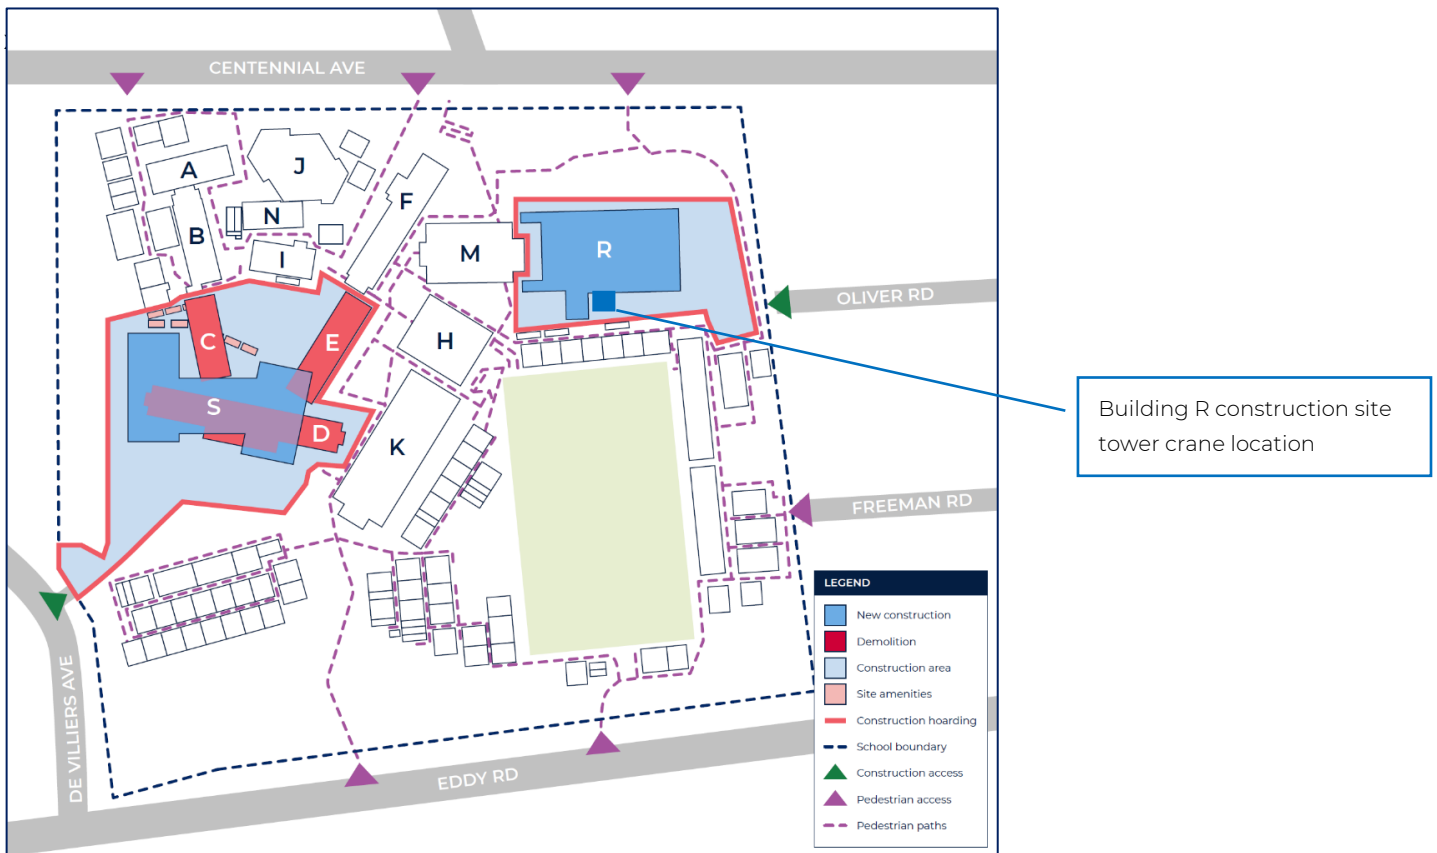

Construction traffic, including a mobile crane, will enter the school through the Oliver Road entrance. Traffic control measures will be in place to ensure the safe movement of vehicles and pedestrians.

Crane dismantling work will be contained within the Building R construction site boundary.

We are here to ensure that work is completed safely and efficiently and we will minimise impacts to the community at every opportunity.

Thank you for your patience while we deliver this important school infrastructure.
