

Artist impression of the upgraded school entrance

# Concord High School

Project update | July 2023

## Project overview

An upgrade is planned to deliver additional learning spaces, core facilities and to refurbish existing learning spaces at Concord High School. The project is in the planning stage and requires a business case to be approved to determine the full scope of the upgrade. Ongoing minor works projects and maintenance works are also underway.

## Progress update

The Development Application (DA) for the upgrade project was lodged with the City of Canada Bay Council on 20 June 2023 and placed on public exhibition on 13 July 2023. To view the DA you can visit the Council website and search DA2023/0135 or use the following link: <https://canadabay-eplanning.t1cloud.com/Pages/XC.Track/SearchApplication.aspx?id=586340>

## Next steps

A community information session will be held on 27 July 2023, for people to view the plans for the upgrade and ask any questions of the project team before the DA public exhibition period closes on Thursday 3 August 2023.

We will continue to provide updates as the project progresses. More information, past updates and other resources can be found on the project website: [edu.nsw.link/CHSUpgrade](https://edu.nsw.link/CHSUpgrade).

## Community information session: Thursday 27 July 2023

You are invited to attend a community information session to find out more about the Concord High School upgrade project and view the designs included in the Development Application.

**Time:** 3:30 pm to 7 pm

**Location:** School Hall, Concord High School, 3 Stanley St, Concord.

To give us an idea of numbers and ensure we can speak with all attendees, please register your attendance for a 30 minute time slot at [edu.nsw.link/CHS-Info-DA](https://edu.nsw.link/CHS-Info-DA) or by scanning the QR code.
