

# Cronulla High School

## Works notification | 5 March 2024

A project is underway to upgrade Cronulla High School.

### Commencement of Construction Works on the Car Park Extension

School Infrastructure NSW is enhancing Cronulla High School by extending the existing car park and providing additional parking facilities.

The proposed works will introduce 12 new parking spaces, bringing the total within the school car park to 43.

School Infrastructure NSW is obligated to assess the potential impacts of the proposal through a Review of Environmental Factors (REF) by the Environmental Planning and Assessment Act 1979 and related regulations. The Car Park Extension has been approved under the Amended REF, following community notification in November 2023.

Access the Amended REF document here:

Approved documentation related to the Amended REF is accessible on the School Infrastructure NSW website:

To ensure safety, all construction zones have been securely fenced off, making them inaccessible to students.
