# Cronulla High School upgrade

Project update | March 2024

## Investing in our schools

As part of the NSW Government's plan to rebuild essential services, the 2023-24 Budget is delivering a record \$8.8 billion for new and upgraded schools. This targeted investment in growing communities will ensure working families get access to a world class public education.

## Project overview

Cronulla High School is being upgraded to provide additional permanent classrooms and core facilities, to help meet enrolment growth in the area. The upgrade will deliver:

- 10 new permanent classrooms
- a new canteen
- new administration areas
- upgraded student and staff amenities.

### Extension of Existing Hall:

We have expanded the rear of the current hall to increase floor space. This will provide a larger capacity to meet the school's operational needs and allow for the separate use of areas via internal bi-fold doors. New features include:

- a new, upgraded kitchenette
- rooms for sports and general storage.

### Additional Upgrades:

There will be a new library entrance, new covered walkways, a new forecourt, and carpark improvements.

## Progress summary

- The construction of Building M was finalised and handed over on December 15, 2023, offering six advanced teaching spaces along with enhanced facilities. Building M commenced operation for school use from Day 1 of Term 1, 2024.
- Campus modifications included the removal of temporary buildings, the relocation of Building I, and the adjustments to pathways.
- Signage for safety and navigation was installed for Day 1 of Term 1, 2024.
- Refurbishment of Buildings E and A, including staffroom upgrades, was completed for Day 1 of Term 1, 2024.
- The hall extension is completed and operational.
- The new entry to the library is complete.
- New covered walkways to the library and hall are complete and in use.
- Repairs to the service road and car parking adjacent to the library and hall are complete.
- Works on Building L have commenced.

## Next steps

- Ongoing groundwork for Building L continues, with the installation of the ground floor slab anticipated in March 2024.
- The expansion of the car park will commence on March 5, 2024.
- Upgrades to Information and Communications Technology infrastructure and networking are underway.

## Completion timeframes

- Building L has a proposed completion date of late 2024 (weather permitting).
- Renovations of Buildings A and D are expected to be progressively completed and handed over late this year or early 2025.
- Buildings M and L will showcase façades that pay homage to local heritage, featuring original Aboriginal artwork by a commissioned local artist.

## Staying informed

School Infrastructure NSW will continue to share updates as the project progresses.
