

Curl Curl North Public School

Project update

March 2020

Investing in our schools

The NSW Government is investing \$6.7 billion over four years to deliver more than 190 new and upgraded schools to support communities across NSW. In addition, a record \$1.3 billion is being spent on school maintenance over five years. This is the largest investment in public education infrastructure in the history of NSW.

Curl Curl North Public School

An upgrade at Curl Curl North Public School is progressing well and works are on schedule. The project will be delivered in 2 stages with stage 1 scheduled to finish on time for Day 1 Term 2 2020.

Stage 1 is delivering:

- 40 new permanent teaching spaces
- a new library
- upgraded administration facilities

Progress and next steps

Relocation into the new stage 1 buildings will take place during the Autumn holiday and students will move into the new buildings on Day 1 Term 2 2020. We will provide detailed information about Day 1 Term 2 2020 during the last week of Term 1.

Stage 2 works will begin in late April 2020, with the removal of demountables and the demolition of the hall and canteen. As previously communicated, a temporary canteen will be set up in a secure area of the car park during stage 2 works (see image below).

Stage one progress photo

Images taken 23 April 2020

Stage 2 construction (red highlighted area) is scheduled to start 20 April 2020

The school will have access to the Curl Curl Youth & Community Centre on Abbott Road for events and functions during stage 2 works.

The school's new electrical substation was delivered and installed during the Christmas holiday period and commissioning is scheduled in late March (weather dependent).

Site construction hours are:

- 7.00 – 6.00pm Monday to Friday
- 7.00 – 1.00pm Saturday

No works take place on Sundays or public holidays.

Thank you for your patience and consideration during this important work
