

Curl Curl North Public School

Completion Pack | Day 1 Term 1 2021

Curl Curl North Public School entrance

Welcome to your school

We're excited that the upgrade at Curl Curl North Public School is now completed. Stage 2 of the project has delivered:

A new hall

A new canteen

Upgraded
playground and
sports facilities

Stage 1 of the project was completed in April 2020 and delivered:

40 new permanent
teaching spaces

A library

A new
administration
building

Thank you for your patience during construction. We are thrilled to deliver this project for your school community and hope you enjoy your new spaces.

Message from your Principal

I am incredibly proud to welcome our school community; students, staff, parents and community members into our school in 2021.

At Curl Curl North Public School contemporary teaching and learning environments inspire our students to be leaders of their learning.

The 40 new permanent classrooms provide innovative learning spaces which are mobile, flexible, varied and connected. Each space can be adapted to accommodate learning modes and technology providing students with choice in where and how they learn, with the teacher supporting more student-centric approaches to better prepare our learners for the future workforce.

The Innovative Learning Environments are underpinned by principles that account for the different ways in which learning occurs, that is, how learners and teachers interact with space and with one another and include collaboration, discussion, feedback and reflection, guided, explicit, demonstration, experiential and independent.

Our modern buildings encompass landscaping providing tranquil learning spaces that are breath-taking. These outdoor learning spaces inspire and motivate our students and staff.

Our new Communal Hall will bring the school and our community closer together, giving us an outstanding resource able to be used for assemblies, concerts and special events.

The Futsal fields and Sports Court will provide facilities that complement the important values our school community have in active participation in all sports activities.

We welcome the new staff administration space to plan and meet, as we lead collaborative learning ensuring high-quality programming for our student's needs.

I want to acknowledge and thank all who were involved in the planning and building of these new facilities, especially the parents, staff and students who were an active part of the consultation process.

We will utilise the new spaces to continue our commitment to the pursuit of excellence and the provision of high-quality educational opportunities for every child.

I look forward to sharing with our school community our outstanding new school facilities at Curl Curl North Public School in 2021.

Donna Blatchford, School Principal

The new hall at Curl Curl North Public School

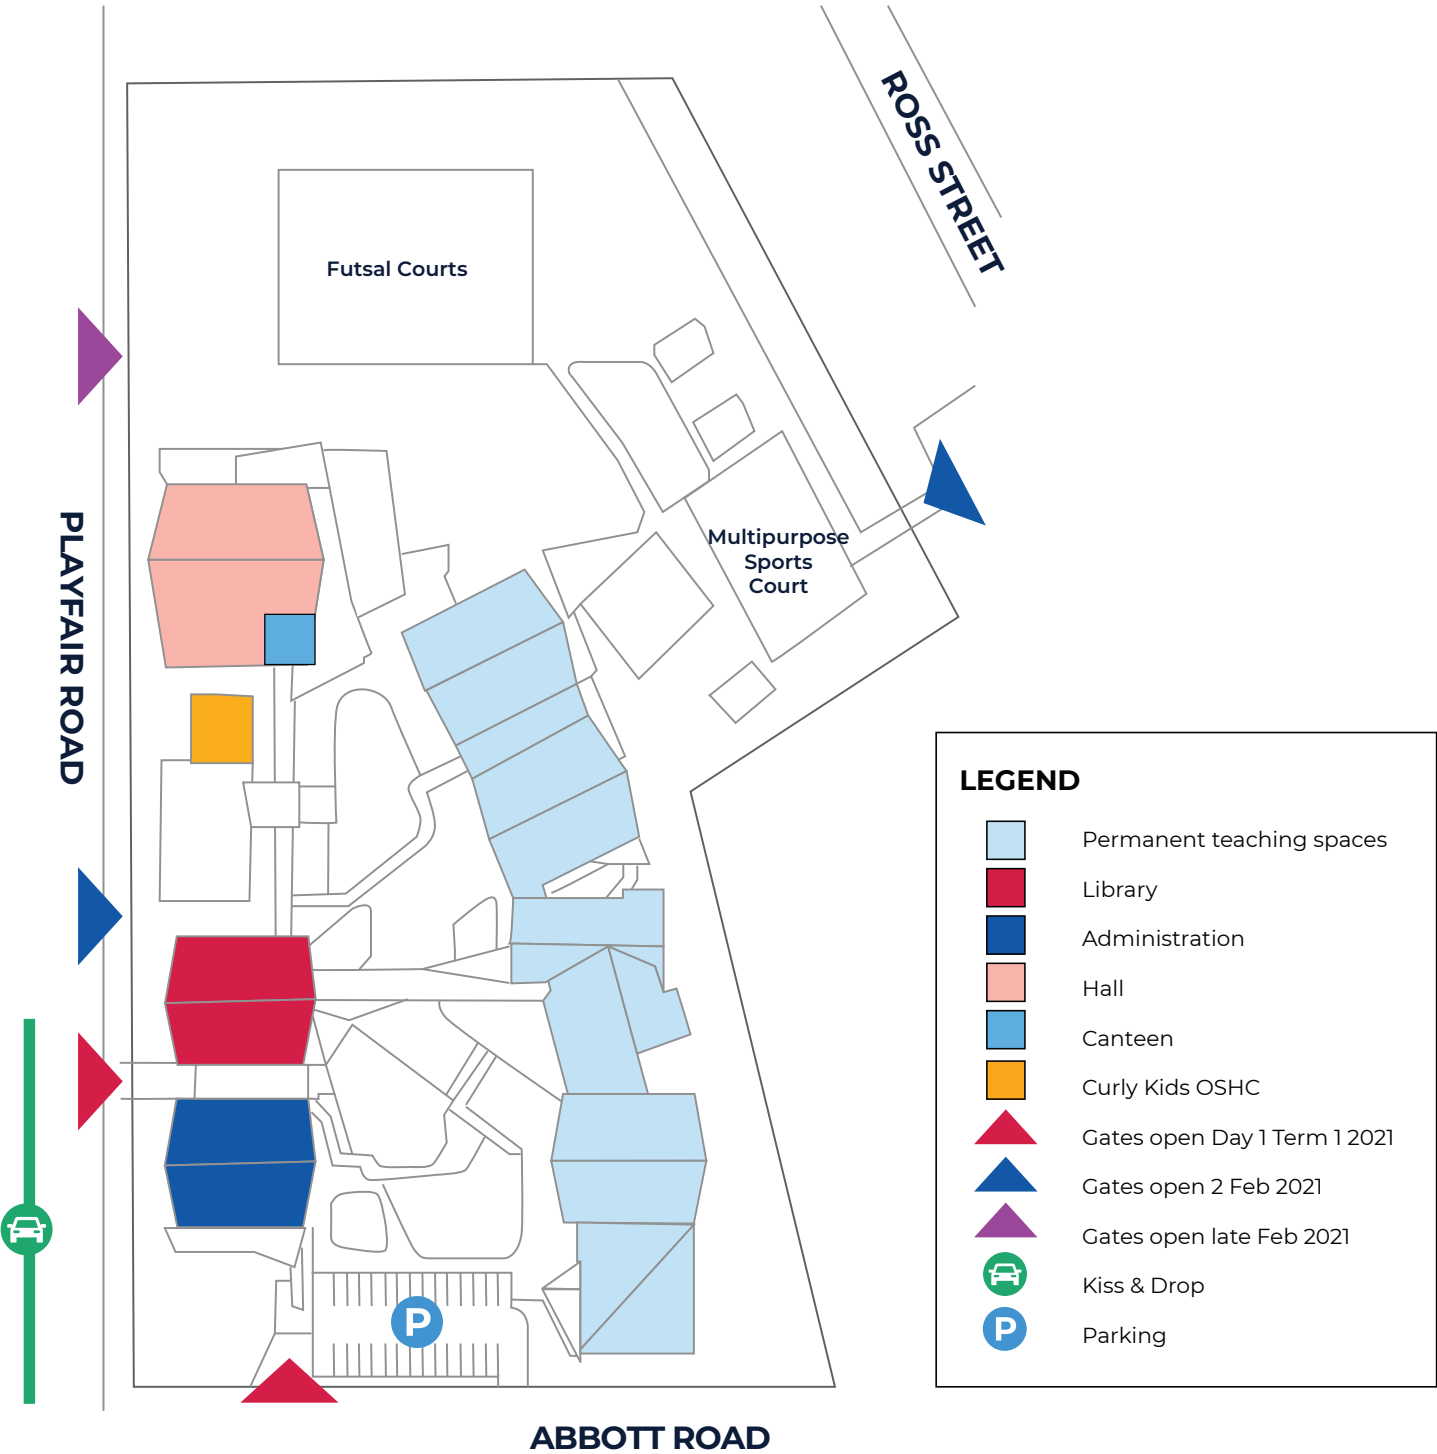

New innovative learning environments

The Curl Curl North Public School upgrade is now ready for use. This exciting project has delivered innovative learning environments for the next generation of young minds.

Innovative learning environments offer flexibility where teachers can provide opportunities for student engagement. The learning spaces:

- are adaptable to accommodate small or large groups
- include learning centres with flexible spaces that allow students to use technology in a variety of settings
- provide opportunities to enhance skills in collaboration, communication, critical thinking, problem solving and creativity.

Frequently asked questions

Will there be any changes to the school entrances?

For Day 1 Term 1 for 2021, the school will continue to use the same entrance gates that were in use in 2020.

New additional gates will be opened during the first week of Term 1.

Will there be any changes to parking, staff parking or the bus stop?

There are no changes to the location of parking, staff parking or bus stop location.

Where will Curly Kids Out of School Hours (OSHC) be located?

At the beginning of Term 1 2021, Curly Kids OSHC will be located in Block L.

Curly Kids OSHC will be moving into the new facilities early in Term 1 and will communicate these changes with parents in advance.

Which school entrance will be used to access Curly Kids OSHC?

There will be a separate gate on Playfair Road to access Curly Kids OSHC, and this access gate will become operational from Monday 1 February 2021.

Will there be any additional changes to Curly Kids OSHC during Term 1?

Pick-up and drop off locations will change and these changes will be communicated by Curly Kids to parents.

Opening and closing times for Curly Kids OSHC will not change.

What will the new hall be used for?

The new communal hall will be available for all classes, grades, stages and the whole school to use on a regular basis for assemblies, concerts and special events.

The communal hall will also be used for Curly Kids OSHC and hired out for community use.

When will the new multipurpose outdoor sports court be ready for use?

The new multipurpose sports court is finished and ready for use from Day 1 Term 1 2021.

When will the two new futsal courts be ready for use?

The new futsal courts, previously referred to as sports courts, will have synthetic grass laid in the first week of February 2021. The courts will be ready to use immediately after the synthetic grass is laid. They can be accessed via the concrete footpaths.

The natural grass areas surrounding the futsal courts, and immediately outside the school hall will be fenced off and not accessible until the end of February to allow the grass to grow.

When will parents be able to view the new facilities?

We are aware that parents and carers would like a tour of the new facilities. While we are unable to run physical tours of the site due to the health restrictions in place, we look forward to welcoming our school community to view our new school as soon as we can.

You can view photos of the new school build on the Curl Curl North Public School project page on the School Infrastructure NSW website. Photos will also be shared in upcoming school newsletters.
