

# Darcy Road Public School

Project update | December 2023

## Investing in our schools

As part of the NSW Government's plan to rebuild essential services, the 2023-24 Budget is delivering a record \$3.5 billion for new and upgraded schools in Western Sydney. This targeted investment in growing communities will ensure working families get access to a world class public education.

The 2023-24 Budget committed funding to progress with an upgrade to Darcy Road Public School.

## Project overview

The upgrade of Darcy Road Public School will include new permanent learning spaces and core facilities to support the growing population in Western Sydney.

The upgrade will deliver new buildings with modern flexible classrooms, new administration facilities, a new library, a new canteen, a refurbished hall, an extension to the existing car park, and improvements to open spaces.

The upgrade will include the demolition of all existing school buildings, except for the hall, and removing demountable classrooms.

## Progress summary

Students started learning in their temporary school facilities on Day 1 Term 4 2023. The existing school buildings have been fenced off within the construction area and cleared out.

We have prepared the Response to Submissions report for the State Significant Development (SSD) application. This report responds to feedback received during the public exhibition of the SSD application.

The report is available to view on the Department of Planning and Environment (DPE) planning portal: [www.planningportal.nsw.gov.au/major-projects/projects/darcy-road-public-school-upgrade](http://www.planningportal.nsw.gov.au/major-projects/projects/darcy-road-public-school-upgrade)

## Next steps

While we wait for the SSD application to be determined, we will continue to prepare the site for the start of the main upgrade works and will finalise plans for installing a new substation.

## Want to know more about how we build and upgrade schools?

To learn more about School infrastructure NSW, and how we deliver new and upgraded schools, scan the QR Code, or visit [edu.nsw.link/SchoolShowcase](https://edu.nsw.link/SchoolShowcase).
