

Project overview

The upgrade of Darcy Road Public School will include new permanent learning spaces and core facilities to support the growing population in Western Sydney.

The project will deliver:

-  New buildings with 45 flexible learning spaces
-  New staff administration facilities
-  A new library
-  A new canteen
-  A refurbished hall
-  A car park extension
-  Improvements to open spaces

Artist impressions

The project scope and design will continue to evolve during future design phases as feedback from government agencies, stakeholders and the community is considered.

These images are subject to change.

Temporary school arrangements

The school's existing buildings will be demolished to make way for the new buildings.

Before we start to build the new school buildings, we will establish a temporary school on the school site. We will use existing demountable classrooms and put extra demountables on the school oval to create the temporary school.

We are continuing to work with school leadership to finalise the plans for the temporary school. The image on the right shows the current plan which includes an extended area on the school oval to fit extra demountables. We will continue to update the community as these plans progress.

Revised landscape plan

Following stakeholder feedback, the landscape design has been revised to include outdoor learning pods. Outdoor learning pods are open spaces that provide opportunities for students to collaborate and connect to nature.

The updated plan on the right shows the layout of the school buildings and external features.

Legend

- | | |
|--|---------------------------|
| 1. Vehicular drop off | 8. Ceremonial lawn |
| 2. Main arrival plaza | 9. Existing car parking |
| 3. Multipurpose sports/flexible open space | 10. Free play space |
| 4. Covered outdoor learning area (COLA) | 11. Flexible lawn |
| 5. Breakout space | 12. Structured play |
| 6. Amphitheatre | 13. Bike stands |
| 7. Community garden | 14. Outdoor learning pods |

Have your say

We have lodged the State Significant Development (SSD) application for the school upgrade with the Department of Planning and Environment (DPE) who will place the application on public exhibition.

During the 28 day exhibition period you can submit feedback on the project by using the ‘Make a Submission’ link on the project page of the DPE website or by scanning the QR code: www.planningportal.nsw.gov.au/major-projects/projects/darcy-road-public-school-upgrade.

Project timeline

The timeline above is subject to change. We will finalise a delivery program and project completion date once the construction contractor has been appointed and the SSD application has been approved by the Department of Planning and Environment (DPE).
