

# Darcy Road Public School

Project update | May 2023

## Project overview

The upgrade of Darcy Road Public School will include new permanent learning spaces and core facilities to support the growing population in Western Sydney.

The upgrade will deliver new buildings with flexible learning spaces, new administration facilities, a new library, a new canteen, a refurbished hall, an extension to the existing car park, and improvements to open spaces. The project will include the demolition of all existing school buildings, except for the hall, and removing demountable classrooms.

## Progress summary

We have started works to prepare the school oval for the temporary school facilities. The builder has put in site sheds and started preparing foundations. The area has been fenced off to ensure the safety of the community.

## Next steps

We will soon appoint the builder for main upgrade works and construction of the school's new buildings. Once appointed, we will work with the builder to develop a timeline for construction.

## Have your say

The State Significant Development (SSD) application for the school upgrade is on public exhibition on the DPE planning portal. During the 28 day exhibition period you can submit formal feedback on the application by following the 'Make a Submission' link at: [planningportal.nsw.gov.au/major-projects/projects/darcy-road-public-school-upgrade](https://planningportal.nsw.gov.au/major-projects/projects/darcy-road-public-school-upgrade). All feedback on the SSD application should be directed to DPE via the link.

Stay informed about the project by visiting the dedicated project webpage [edu.nsw.link/DarcyRdPS](https://edu.nsw.link/DarcyRdPS).

For a Translation and Interpreting Service call 131 450 and ask them to call the Department of Education - School Infrastructure NSW on 1300 482 651.
