

Darcy Road Public School

Works notification | 22 November 2023

The upgrade of Darcy Road Public School will provide new permanent classrooms and core facilities to support the growing population in Western Sydney.

The project will involve the demolition of existing school buildings to make way for new buildings.

Installing site sheds

As part of the preparations for the start of the main upgrade works, we will be installing site sheds within the construction area of the school site.

The works will take place on Saturday 25 November 2023. They will involve using a mobile crane to safely lift the sheds from trucks which will enter and exit the school site via the staff car park on Olive Street.

Where needed, traffic controllers will be in place to ensure the safety of the community.

Working hours

Standard construction hours on Saturday are 8 am to 1 pm. Some deliveries to the site may need to take place outside of normal work hours because of the size of the trucks required. This is to minimise the impact on road users and the general public.

We will work to ensure that all works are carried out safely and efficiently and will minimise impacts to the community at every opportunity.

Thank you for your cooperation during this important work.

Who can I contact if I have a concern about construction work?

If you have any queries or concerns about this project, you can contact School Infrastructure NSW during business hours on 1300 482 651.

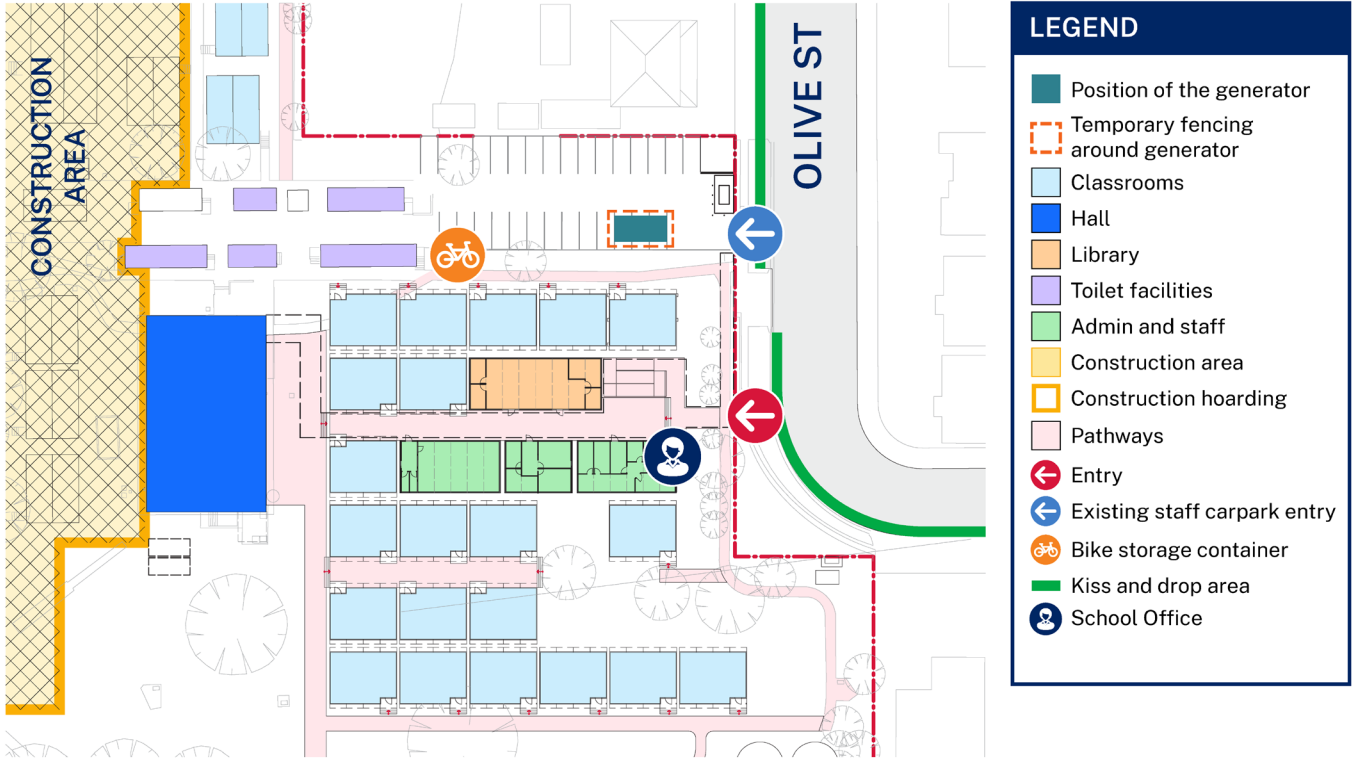

In an emergency, call triple zero (000).

Thank you for your cooperation during this important work.

Site plan

The trucks will enter the school site via the staff car park on Olive Street. The sheds will be placed within the existing construction area.
