

# Dundas Public School

## Project update | November 2024

### Investing in our schools

As part of the NSW Government's plan to rebuild public education, the 2024-25 Budget is delivering record education funding, including \$3.6 billion for new and upgraded schools in Western Sydney. This targeted investment will ensure growing communities get access to a world class public education.

### Project overview

This upgrade will replace demountables with a new building that will include 6 classrooms, 2 multipurpose spaces, 2 learning commons, amenities and a covered walkway connecting the new building to the existing school.

### Progress update

We have continued to progress the design for the upgrade and look forward to sharing this at an information session on Wednesday 4 December.

#### Drop-in information session: Wednesday 4 December 2024

You are invited to attend a community information session where we will present the current designs for the new building at Dundas Public School.

**Time: 3 pm to 6:30 pm**

**Location: 85 Kissing Point Road, Dundas in the school library**

You can attend any time during this time.

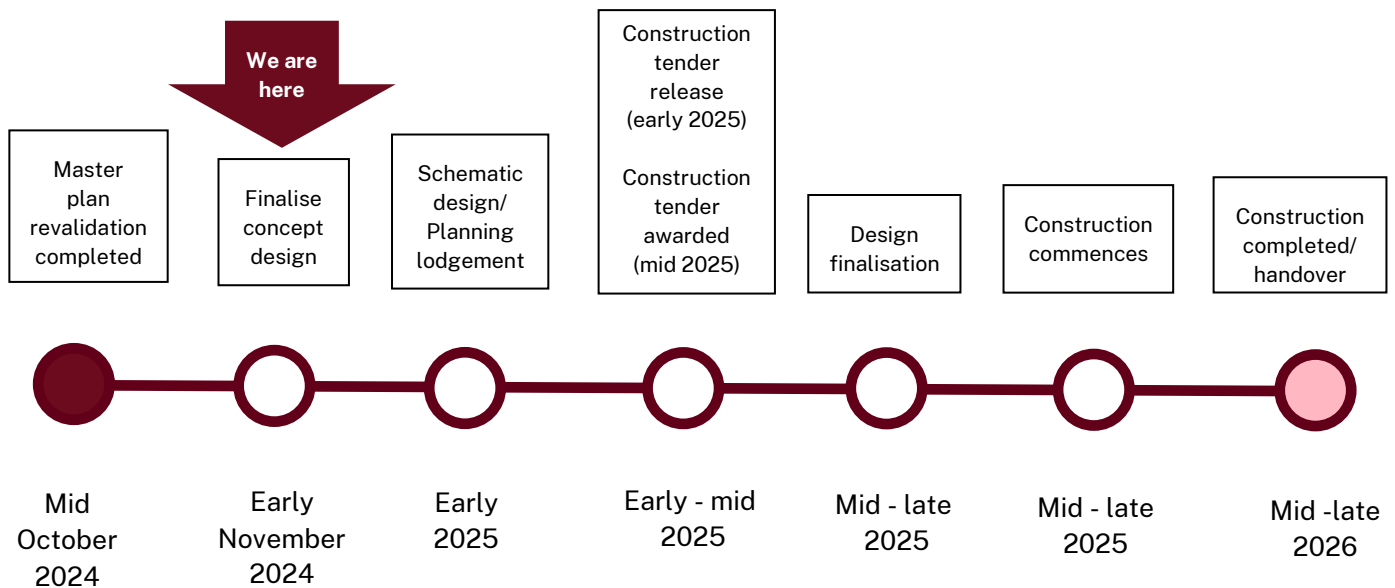

If you are unable to attend, resources shared at the session will be made available afterwards.

We will continue to update the community as the project progresses. The timeline on the following page outlines the remaining stages of the upgrade.

## Indicative timeline for the upgrade

## Next steps

We will continue to develop the design for the new building and once finalised, we will release the construction tender to appoint a builder.

We anticipate releasing the tender early 2025 and awarding the contract in mid 2025. Construction on the new building is likely to start in mid to late 2025.

## More information

You can find more information about the project at [edu.nsw.link/DundasPS](https://edu.nsw.link/DundasPS) or by scanning the QR code.

If you have any questions about this project, you can contact School Infrastructure during business hours on the contact details below.
