

Dundas Public School

Works notification | 23 June 2025

As part of the NSW Government's plan to rebuild essential services, a project is underway to upgrade Dundas Public School to provide new permanent classrooms to replace demountable buildings at the school.

Site establishment from 7 July to 19 July 2025

To prepare for the upgrade of Dundas Public School, site establishment will take place during the upcoming school holidays from Monday 7 July 2025 so there will be no disruptions to school operations.

Site establishment will include:

- installation of timber hoarding, temporary fencing, mesh and gates around the site to prevent public or school access and reduce disruption to the school community
- locating site services for the upgrade
- surveying the site

All construction vehicles will access the site via the school carpark on Calder Street. There will be no street or footpath closures during the above work. Traffic control will be in place when trucks are entering and exiting the school. See the map on the next page for further details.

The work to upgrade Dundas Public School is expected to start in August and finish by the mid 2026. A notification will be distributed before construction begins.

Working hours

The work will take place between 7 am and 5 pm Monday to Friday and 8 am – 1 pm on Saturdays. No work will take place on Sundays or public holidays.

Managing construction impacts

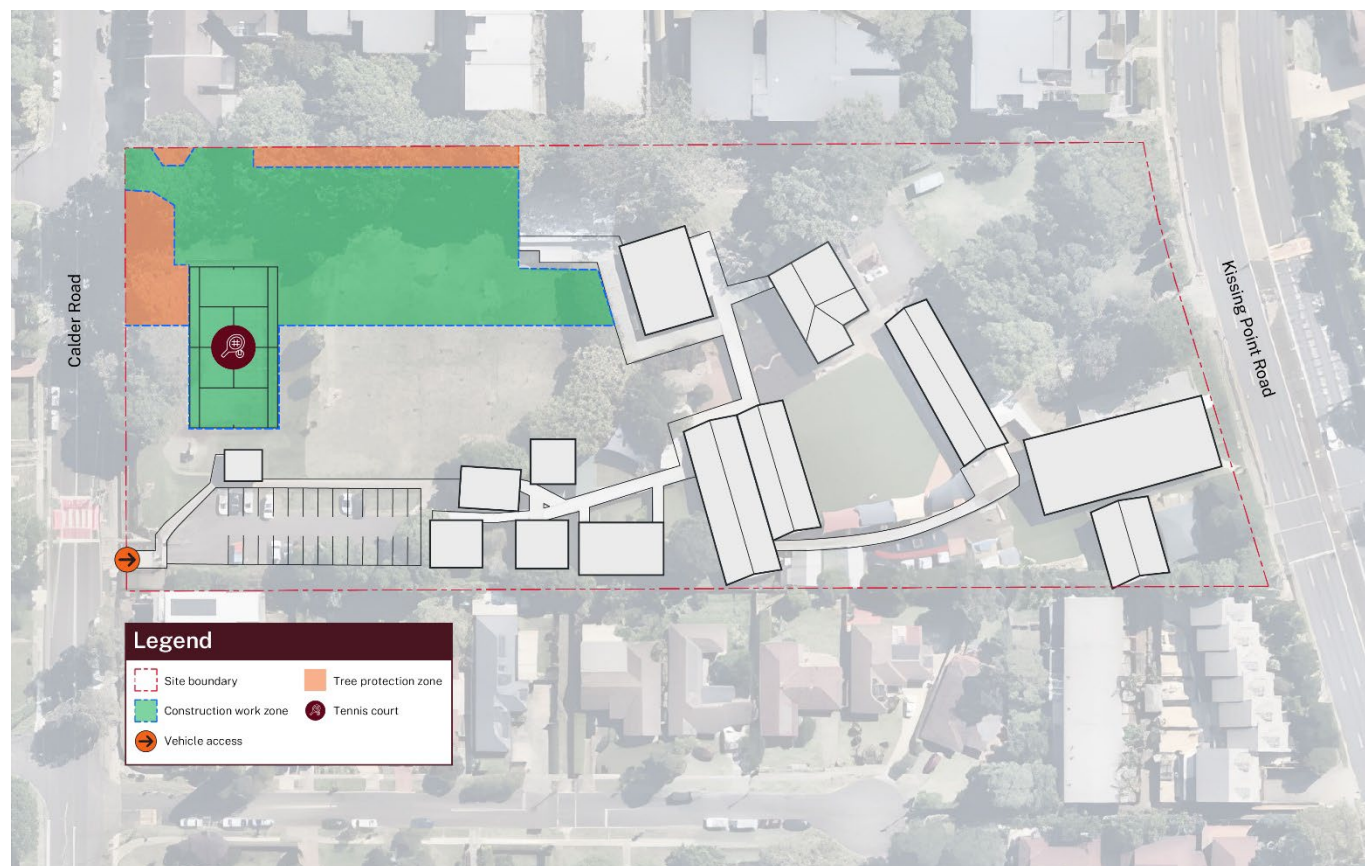

Construction can be disruptive, and we thank you for your patience while we complete this important school upgrade project. We work closely with the construction contractor throughout the project to manage impacts on the school and local community.

For more information about how we manage construction impacts on our projects, please scan the QR code or visit edu.nsw.link/ConstructionImpacts.
