

# Engadine High School

## Works notification

7 July 2022

Dear resident,

School Infrastructure NSW (SINSW) would like to advise that piling works are due to begin on Monday, 11 July at Engadine High School (weather pending).

### **What is piling?**

Piling is the installation of columns in the ground to provide support to a structure.

To install the columns for the new multi-purpose hall at Engadine High School, the builder will need to drill into the rock with a 20-tonne piling rig, which will generate substantial noise. There may also be increased construction vehicle movement to complete the works.

### **How long will these works take?**

We expect these works to take 1-2 weeks, however, this is dependent on weather conditions.

Working hours are Monday to Friday, 7 am to 5 pm and Saturday, 8am to 3pm. No work will occur on Sundays or public holidays, unless otherwise advised.

Thank you for your patience while we deliver this important school infrastructure.

---
