## Epping Schools

### Project update

December 2020

#### Investing in our schools

The NSW Government is investing \$7 billion over the next four years, continuing its program to deliver more than 200 new and upgraded schools to support communities across NSW. This is the largest investment in public education infrastructure in the history of NSW.

The NSW Department of Education is committed to delivering new and upgraded schools for communities across NSW. The delivery of these important projects is essential to the future learning needs of our students and supports growth in the local economy.

#### Epping West Public School

We are planning an upgrade at Epping West Public School to provide upgraded facilities for the school community. It is proposed to deliver new flexible learning spaces and expanded staff and administration areas.

#### A new primary school in Epping

Planning for the new primary school in Epping is underway. Proposed works involve the establishment of a new primary school at the former TAFE NSW campus on Chelmsford Avenue, to meet future enrolment growth. It is proposed to deliver new flexible learning spaces as well as a range of core facilities.

## Indicative timeline

## Progress summary

- The concept design phase is complete.
- A tender process is underway to appoint architects and engineers for the further design phases.
- The Secretary's Environmental Assessment Requirements (SEARs) has been received for each school.

## Next steps

- Preparation of the Environmental Impact Statement (EIS) for submission to the Department of Planning, Industry and Environment (DPIE).
- The project team will continue to explore a number of construction approaches to deliver the projects.

## How can I get involved?

We are committed to working together with our school communities and other stakeholders to deliver the best possible learning facilities for students. Your feedback on this project is important to us. For more information, questions or to make a comment please email us at [schoolinfrastructure@det.nsw.edu.au](mailto:schoolinfrastructure@det.nsw.edu.au) or phone 1300 482 651.

## Changing the way we communicate

The health and safety of our students, staff and community is our priority. We are temporarily changing some of the ways we keep you informed about our project in your community to account for social distancing measures.

Until further notice we will share information with our communities online instead of in person. The SINSW website will continue to have up-to-date information about the project in your area. Our information hotline and email address will continue to operate as normal.
