# Epping West Public School

Project update | December 2021

## Investing in our schools

The NSW Government is investing \$7.9 billion over the next four years, continuing its program to deliver 215 new and upgraded schools to support communities across NSW. This is the largest investment in public education infrastructure in the history of NSW.

The NSW Department of Education is committed to delivering new and upgraded schools for communities across NSW. The delivery of these important projects is essential to the future learning needs of our students and supports growth in the local economy.

## Project overview

A project is underway at Epping West Public School to provide upgraded facilities for the school community. We will deliver new flexible learning spaces and expanded staff and administration areas. The project includes:

- Construction of new buildings, which will include new classrooms and staff and administration facility
- Refurbishment and renovation work to existing buildings
- Removal of temporary classroom facilities.

## Progress summary

School Infrastructure NSW received planning approval to proceed with main works construction at Epping West Public School. Hansen Yuncken has been appointed as construction contractor for this phase of the project.

Early works, including site establishment, demolition and remediation of Building G are now complete.

Main construction works started in November 2021.

## **Summer holiday works**

Over the summer school holidays, works will continue to prepare for the construction of a new building (Building S) on the south-east side of the school. Upcoming works will include:

- bulk earthworks and excavation
- installation of in-ground services such as plumbing and electrical
- levelling, foundations and concrete pours to prepare for the new school building
- installation of the structure for a new elevator.

## **Frequently asked questions**

### **Will construction take place over Christmas and New Year?**

The contractor will continue work as required throughout the Christmas and New Year period, in line with the approved development application. No work will take place on public holidays.

### **Who can I contact if I have a concern about construction works over the holidays?**

If you have any queries or concerns about this project, you can contact School Infrastructure NSW during business hours on 1300 482 651. School Infrastructure NSW will be closed from Monday 27 December to Friday 7 January inclusive. In an emergency, call triple zero (000).
