

Fort Street Public School

Works notification | Thursday 13 April 2023

Upcoming night works on Sunday 16 April 2023

We are writing to inform you of upcoming night works required as part of the Fort Street Public School upgrade.

Works as previously notified to occur on Sunday 2 April 2023 did not proceed due to inclement weather.

Works have been rescheduled for Sunday 16 April 2023. Subject to weather conditions, works will take place between 10pm and 5am.

From 17 April to Friday 28 April, day works may continue up to 10pm.

These works are in relation to the adjacent Transport for NSW (TFNSW) Bradfield Shed to the north of the school and include commencing the demolition of the shed and removing scaffolding to the north of the site.

During these works traffic management will be in place on Upper Fort St. There will be temporary lighting required for these works. Measures will be taken to minimise the impact on nearby residents, including noise mitigation measures.

This work is being organised in coordination with TFNSW, which will include shutting the Cahill Expressway for night works on Sunday 16th April 2023. Due to the location of the works, the closure of the Cahill Expressway is required to ensure the safety of workers and the public.

Thank you for your patience as we deliver this important project for the Fort Street Public School community.
