

Fort Street Public School

Works notification | September 2023

Upcoming night works Wednesday 20 September to Thursday 12 October 2023

We are writing to inform you of upcoming night works required as part of the Fort Street Public School upgrade.

Subject to weather conditions, works will take place from 10pm to 4:30am on the following dates:

- Wednesday 20 September –Thursday 21 September
- Wednesday 27 September –Thursday 28 September
- Thursday 28 September –Friday 29 September
- Wednesday 4 October –Thursday 5 October
- Thursday 5 October – Friday 6 October
- Sunday 8 October – Monday 9 October
- Tuesday 10 October – Wednesday 11 October
- Wednesday 11 October –Thursday 12 October

These works will include the use of a mobile crane for the removal of scaffolding to the north and south of the school site as well as removal of temporary gantry steel works to the adjacent Transport for NSW (TFNSW) Bradfield Shed site.

During these works, traffic management will be in place on Upper Fort St and temporary lighting will be required for some of these works. Measures will be taken to minimise the impact on nearby residents, including noise mitigation measures.

This work is being organised in coordination with TFNSW, which, due to the location, will include shutting the Cahill Expressway to ensure the safety of workers and the public.

Thank you for your patience as we deliver this important project for the Fort Street Public School community.
